

Spokane Metropolitan Area Metropolitan Transportation Plan

2007-2030

Adopted December 21, 2007

Prepared by:

SRTC

Spokane Regional Transportation Council

221 West First Avenue, Suite 310 Spokane, WA 99201

Disclaimer:

This Metropolitan Transportation Plan has been financed in part through grants from the Federal Highway Administration, Federal Transit Administration, and the Washington State Department of Transportation. The policies, findings, and recommendations contained in this plan do not necessarily represent the views of the agencies identified above and do not obligate those agencies to providing funding to implement the contents of the Plan as adopted.

Table of Contents

Executive Summary

Executive Summary	viii
Funding the MTP	ix
Public Transportation	x
Conclusion	xi

Introduction

Regional Vision for 2030	xii
Public Involvement in The MTP Update Process	xiii

Section 1 – Regional Transportation Goals and Policies

Regional Transportation Goals and Policies	1-1
Comprehensive Goals for Spokane’s Regional Transportation System.....	1-1
General Land Use Policies Related to Transportation	1-1
General Non-Motorized Transportation Policies	3-1
High Capacity Transportation Policies	4-1
Freight and Goods Policies.....	4-1
Parking Policies	5-1
Congestion Management Policies (includes CTR).....	6-1
Environmental Policies.....	7-1
Financial Policies	8-1
Public Involvement Policies	9-1

Section 2 – Existing Conditions

Federal Functional Classifications	1-2
Traffic Volumes	13-2
Traffic Safety.....	13-2
Freight and Goods Transportation System	20-2
Non-Motorized and Rail Corridors and Transportation.....	27-2
Land Use Analysis	31-2
Transportation Analysis Zones	32-2
Current Employment Levels.....	37-2
Levels of Service.....	38-2
Congestion Management.....	48-2
Air Transportation	49-2
Existing Public Transportation Systems.....	50-2
Commute Trip Reduction	51-2
Transportation System Security.....	53-2
Summary of Existing Conditions	55-2

Section 3 – No Build Scenario

No Build Scenario 1-3
Network Calibration and Validation 1-3
Committed Road and Intersection Improvements 3-3
Projected ‘No-Build’ Impacts 3-3

Section 4 – Future Conditions

Future Land Use, Population and Employment 1-4
Transportation Network Analysis 5-4
Deficiencies Using the Transportation System in 2030 8-4
Visualizations 39-4
Non-Motorized Transportation 56-4
Rail Transportation 56-4
Air Transportation 61-4
Public Transit 62-4
Security 63-4

Section 5 - Environmental Considerations

Environmental Considerations 1-5
Air Quality 1-5
Potential for Community Disruption 4-5
Cultural and Park Resources 5-5
Infrastructure and Utilities 5-5
Water Quality 6-5
Noise Impact Guidelines 6-5
Hazardous Waste 7-5
Endangered and Threatened Species 7-5
Environmental Mitigation 7-5
Environmental Consultation 8-5

Section 6 - Financial Plans

Financial Introduction 1-6
Funding Sources 1-6
Other Dedicated Governmental Funds for Transportation Purposes 4-6
Financial Capacity Analysis 6-6
Cities and Counties 7-6
Washington State Department of Transportation 9-6
Public Transportation 10-6
Financial Options Available 11-6
Conclusion 12-6

Section 7 - Conclusions and Recommendations

MTP Purpose	1-7
Annual Updates	1-7
Conclusion	1-7
