

WP-SIA Study Statement of Work and Objectives

Statement of work:

Prepare a document that provides recommendations to mitigate projected capacity issues within the study area by the end of 2009.

Goals and Objectives

- ◆ Complete this study by the end of 2009
- ◆ Evaluate the Geiger Interchange traffic impacts
- ◆ Evaluate the Medical Lake Interchange traffic impacts
- ◆ Evaluate Highway 2 traffic impacts
- ◆ Consider the impacts of a possible freight hub at Geiger spur
- ◆ Create mitigation recommendations for projected capacity issues with date triggers
- ◆ Engage in Public Outreach as part of this process
- ◆ Engage local government and organization stakeholders
- ◆ Include TTC and SRTC Board Acceptance of Study
- ◆ Incorporate appropriate traffic data and study results from other studies in this area
