Why have Charrettes for Placemaking and the Trail?
At these workshops you will explore relationships between “Special Places” in your neighborhood and the North Spokane Corridor along with Children of the Sun Trail, from the Spokane River south to the I-90 vicinity, in the Chief Garry and East Central neighborhoods.

The charrette process provides opportunities for you to share ideas and solutions for potential placemaking: spaces, features, access, alignments and activities, that can preserve, enhance, and create public spaces that promote people’s quality of life and well-being, in and around the North Spokane Corridor and Trail.

**What is a Charrette?**
A charrette is an inclusive, interactive and collaborative workshop whose purpose is to identify relevant issues and potential solutions for projects with community-wide significance.

**Child friendly environment with play area provided in the workshop room.**
Join WSDOT, EWU and the City of Spokane for this creative, energetic, and interactive community event.
