
STRATEGY 6: PROTECT THE NATURAL ENVIRONMENT

Protecting the natural environment—including air, soil, and water quality—will be a requirement for regional funding for all transportation projects.

STRATEGY 7: PROVIDE MULTIMODAL OPTIONS

All people, regardless of age, ability, income, race, or ethnicity, should have safe, comfortable, and convenient access to community destinations and public places. This applies regardless of whether a person is walking, driving, bicycling, or taking public transportation.

STRATEGY 8: PROMOTE REGIONAL LEADERSHIP

Horizon 2045 has identified the need for SRTC to provide additional coordination and leadership, to ensure cross-jurisdictional solutions.

EVALUATION

Horizon 2045 is a performance-based plan. Measuring the success of achieving the goals of the plan will be essential for demonstrating the worth and effectiveness of strategies to regional decision makers and the public.

Horizon 2045 sets performance targets for safety, pavement condition, bridge condition, travel time reliability, freight reliability, air quality, public transit asset management (TA) and public transit safety. More information on the performance targets can be found in the System Performance Report (Appendix D).
