Public comments can be submitted by email to contact.srtc@srtc.org or by phone to 509-343-6370. Deadline for submitting comments is 10:00 am on the day of the meeting.

SRTC is committed to nondiscrimination in accordance with Title VI of the Civil Rights Act of 1964, and Civil Rights Restoration Act of 1987 (P.O. 100.259) and the Americans with Disabilities Act. Reasonable accommodations can be requested by contacting the SRTC office by telephone at (509) 343-6370 or by email at contact.srtc@srtc.org at least 48 hours in advance.

Transportation Technical Committee Meeting

Wednesday, January 26, 2022 | 1:00 PM – 2:30 PM

AGENDA

Time	Item	Page
1:00	1. Call to Order / Record of Attendance	
1:02	2. Approval of December 2021 Meeting Minutes	3
1:03	3. Public Comments	
1:05	4. TTC Member Comments	
1:15	5. Chair Report on SRTC Board of Directors Meeting	
	<u>FOR ACTION</u>	
1:20	6. 2022-2025 Transportation Improvement Program February Amendment (<i>Kylee Jones</i>)	6
	<u>FOR INFORMATION AND DISCUSSION</u>	
1:25	7. 2022 Transportation Planning Presentation Series (<i>Lois Bollenback</i>)	9
1:45	8. SRTC 2024-2026 Call for Projects: Principles of Investment (<i>Kylee Jones</i>)	10
1:55	9. Critical Urban and Rural Freight Corridors Update (<i>David Fletcher</i>)	14
2:05	10. DATA Project Update (<i>Mike Ulrich</i>)	17
2:15	11. SRTC 2022 Equity Planning Framework (<i>Michael Redlinger</i>)	21
2:25	12. Agency Update (<i>Ryan Stewart</i>)	n/a
2:30	13. Adjournment	

MEETING MINUTES

Spokane Regional Transportation Council Transportation Technical Committee
December 15, 2021 | Zoom Video Conference

1 Call to Order/Record of Attendance

Ms. Inga Note, Chair, called the meeting to order at 1:31 p.m.

IN ATTENDANCE

TTC Members:

Inga Note, *City of Spokane* (Chair)
Char Kay, *WSDOT* (Vice-Chair)
Heather Trautman, *City of Airway Heights*
Todd Ableman, *City of Cheney*
David Williams, *City of Liberty Lake*
Kevin Picanco, *City of Spokane*
Colin Quin-Hurst, *City of Spokane*
Gloria Mantz, *City of Spokane Valley*
Adam Jackson, *City of Spokane Valley*
Roger Krieger, *City of Deer Park, Small Towns Rep.*
Brandi Colyar, *Spokane County*
Barry Greene, *Spokane County*
April Westby, *Spokane Regional Clean Air Agency*
Karl Otterstrom, *Spokane Transit Authority*
Kristine Williams, *Spokane Transit Authority*
Char Kay, *WSDOT-Eastern Region*

Alternate TTC Members:

Jami Hayes, *Spokane County*
Frank Metlow, *Spokane Tribe*
Keith Martin, *WSDOT-Eastern Region*

Guests:

Paul Kropp
Adam Dorsey, *Welch Cromer*
Matt Gillis, *Welch Cromer*
Shauna Harshman, *City of Spokane*
Matt Zarecor, *Spokane County*
Karie Gullickson, *Horrocks Engineers*

SRTC Staff:

Eve McMenamy, *Deputy Executive Director*
Mike Ulrich, *Principal Transportation Planner*
David Fletcher, *Associate Transportation Planner III*
Kylee Jones, *Associate Transportation Planner II*
Lois Bollenback, *Executive Director*
Julie Meyers-Lehman, *Administrative-Exec. Coordinator*

2 Approval of November 2021 TTC Meeting Minutes

Mr. Jackson made a motion to approve the minutes as presented; Mr. Ableman seconded. All votes were in favor.

3 Public Comments

There were no public comments.

4 Technical Member Comments

Members shared information about current projects or programs in their jurisdiction/agency.

5 Chair Report on SRTC Board of Directors Meeting

Chair Note reported on highlights of the December 9 Board meeting. There was no discussion.

ACTION ITEMS

6 2022-2025 Transportation Improvement Program (TIP) January Amendment

Ms. Jones reported that four agencies requested an amendment to the TIP and she listed the nine projects included. There was discussion about the difference in process between TIP administrative modifications and TIP amendments.

Mr. Picanco made a motion to recommend Board approval of the January TIP Amendment. Ms. Kay seconded. The motion passed unanimously.

7 TIP Additional Obligation Authority

Ms. McMenemy summarized federal obligation authority (OA), the annual OA targets, and the circumstances that led up to the additional funding available for SRTC to award. The additional award raises this year's target by \$4.26M and therefore staff and the TIP Working Group reviewed projects that are able to deliver by the June 1 deadline.

She spoke about the requests SRTC received for contingency funding received from Airway Heights, Millwood and Spokane County; funding of these requests will also apply towards the OA target. Staff and the TIP Working Group are recommending the project list presented as Table 1 in the packet.

The group discussed details about two City of Spokane projects and the need for applicants of projects which have already receiving partial funding to provide the details about the reasons behind requests for additional funding. Ms. McMenemy said project sponsors will be asked to submit updated scope and costs.

Mr. Jackson made a motion to recommend the SRTC Board award the projects in Table 1. Mr. Krieger seconded. The motion carried with all votes in favor.

INFORMATION & DISCUSSION ITEMS

8 Spokane Transit Authority: Near Term Investments

Mr. Otterstrom, STA Director of Planning and Development, explained that STA's financial position and the Infrastructure Investment and Jobs Act has created an opportunity for STA to augment current planned improvements along with continued implementation of STA's Moving Forward plan and other initiatives.

He outlined current key initiatives, new initiatives, development of an updated strategic plan and the development of the near-term investment process. The STA Board will be asked to select between two packages of near-term investments at their next meeting.

There was discussion about community engagement/stakeholder involvement in the development of the investment packages and about a future transit center south of I-90 in Liberty Lake.

9 Critical Urban/Rural Freight Corridors (CUFC/CRFC) Update

Mr. Fletcher stated this would be a refresher from the presentation in last month. He summarized the 2022 CUFC/CRFC update process, noting that it being led by WSDOT's Rail, Freight and Ports Division in conjunction with a working group of staff from statewide MPOs/RTPOs.

He explained that approximately \$100M of National Highway Freight Program funding will be available statewide and will be split 50/50 between local agency projects and WSDOT projects. He outlined the types of projects eligible to apply for the funding and reviewed the draft project prioritization criteria.

Mr. Fletcher presented a list of eight potential NHFP projects in this area that came from the Board approved United List of Regional Transportation priorities as follows:

- Pines Rd/BNSF Grade Separation
- Airport Dr & Spotted Rd Realignment & Interchange
- Bigelow-Sullivan Corridor Freight Mobility & Safety Project

- Barker Corridor Improvements – Phase I
- Wellesley Ave: Freya to Havana
- Freya St: Garland to Francis
- Park Rd/BNSF Grade Separation
- Argonne Rd & Upriver Dr Intersection

He said they started with this list since it had already been vetted at the regional level and been accepted as regional priorities by the SRTC Board. Other project submittal considerations are the number of projects, project timeframe/readiness, project significance to regional freight movement, project competitiveness to others across the state.

He asked the group for feedback. Mr. Jackson recommended adding the Argonne/I-90 bridge. Mr. Fletcher re-stated that the process this time starts with applications being submitted to the MPOs, who will then forward it to WSDOT. The group discussed if it would be best to submit application smaller number of projects or for as many as possible, since there is no maximum limit to applications per region.

Mr. Fletcher said this item will be brought back to the TTC next month and NHFP applications are due March 16. It was requested that staff distribute the draft application and scoring criteria to TTC members as soon as possible.

10 2024-2026 Call for Projects Overview

Ms. Jones reported this will be a region-wide call with approximately \$40M of funding available. The estimated amounts of funding available in five categories will be:

- \$23.3M Surface Transportation Block Grant Program (STBG)
- \$10.6M Congestion Mitigation & Air Quality (CMAQ)
- \$2.9M STBG Program Transportation Alternatives (STBG-SA)
- \$350K Highway Infrastructure Program (HIP)
- \$2.4M HIP Coronavirus Response & Relief Supplemental Appropriations Act (HIP-CRRSAA)

She said the TIP Working Group, the TTC and the TAC will all participate in reviewing the application document and in February the Board will be asked to take action on principles of investment, meaning off-the-top requests for SRTC and SRTMC, potential set-aside for a preservation call in 2024, potential set-aside for small towns/cities and setting per agency application limits. More information for member agencies will be available in the next few weeks. She noted that the TTC will be involved in developing proposed principles of investment for consideration by the Board.

11 Agency Update

Ms. McMenamy reported:

- Starting in January TTC meetings will start at 1:00 instead of 1:30.
- Staff will be emailing TTC members to request information for updating the bike network.

12 Adjournment

There being no further business, the meeting adjourned at 2:54 pm.

Julie Meyers-Lehman, Recording Secretary

To: Transportation Technical Committee 01/19/2022
From: Kylee Jones, Associate Transportation Planner III
Topic: **2022-2025 Transportation Improvement Program (TIP) February Amendment**

Requested Action:

Recommend SRTC Board of Directors approval of the February amendment to the 2022-2025 TIP as shown in the **Attachment**.

Key Points:

Three agencies have requested amendments to the 2022-2025 TIP for the following 4 projects. See **Attachment** for more details.

- Spokane County
 - Brooks Road Railway Crossing CRP 3249
- Millwood
 - Argonne Road, Empire to Libert Congestion Relief
- Spokane Valley
 - Sprague Avenue Preservation
 - S. Sullivan Road Preservation

TIP Overview

The TIP is a programming document that identifies specific projects and programs to be implemented during the upcoming four years. Any project with federal funds from the Federal Highway Administration (FHWA) or Federal Transit Administration (FTA), as well as any regionally significant projects, must be included in the TIP. After a TIP has been incorporated into the Washington State TIP (STIP), project changes can be requested by local agencies. Minor changes can be made administratively by SRTC staff. Significant changes must be made through the amendment process, which requires a 10-day public comment period and action by the SRTC Board of Directors.

Board/Committee Discussions:

This is the first time the 2022-2025 TIP February amendment has been discussed by the TTC. The Transportation Advisory Committee will also discuss on 01/26/21.

Public Involvement:

Pursuant to SRTC's Public Participation Plan, this amendment will be published for a public review and comment period from 01/21/2022 through 01/31/2022 at 4:00 p.m. Notice of the amendment will be published in the Spokesman Review and posted to the SRTC website (www.srtc.org) and social media platforms on 01/19/2022. Public comments received during the public comment period will be addressed by SRTC staff and presented to the Board in their February 2022 meeting packet.

Supporting Information/Implications:

The TIP serves as an important tool in implementing the goals, policies, and strategies identified in Horizon 2045, SRTC's long-range plan. As such, any projects included in the TIP, including projects added through monthly amendments, must be consistent with Horizon 2045. Consistency with Horizon 2045 includes a demonstration of financial constraint and conformity with regional air quality plans. The September amendment has been reviewed by SRTC staff for compliance with federal and state requirements and consistency with Horizon 2045.

TIP amendments must be approved by the SRTC Board to be incorporated into the Washington State TIP (STIP). Projects receiving federal funds must be in both the TIP and the STIP to access those funds.

Pending approval by the SRTC Board, the February amendment will be incorporated into the STIP on or around 3/18/2022.

More Information:

- See Attachment: 2022-2025 TIP February Amendment
- For detailed information contact: Kylee Jones at kjones@srctc.org or 509.343.6370

2022-2025 Transportation Improvement Program

February Amendment (22-02)

Agency	Project Title Amendment Description		Funding Adjustment	Amendment	
				New Project	Existing Project
Spokane County	Brooks Road Railway Crossing CRP 3249 Federal funding de-obligated due to easement issues	Federal (HSIP)	-\$915,095		✓
		Total De-Obligated	-\$915,095		
Millwood	Argonne Road, Empire to Liberty Congestion Relief Increased federal funding by \$1,000,000	Federal (CMAQ)	\$2,643,976		✓
		Federal (HIP)	\$6,024		
		Local	\$417,992		
		Total	\$3,067,992		
Spokane Valley	S. Sullivan Road Preservation Updated state funds, local funds, and moved construction to 2023	Federal (NHPP)	\$1,029,000		✓
		State (TIB)	\$1,572,415		
		local	\$133,162		
		Total	\$2,734,577		
Spokane Valley	Sprague Avenue Preservation Added \$824,519 of federal funds and changed CN to 2022	Federal (STP-UL)	\$1,824,519		✓
		Local	\$171,125		
		Total	\$1,995,644		

HSIP Highway Safety Improvement Program
TAP(UL) Transportation Alternative Program also known as Surface Transportation Block Grant- Set Aside funding (STBG-SA)
STP(UL) Surface Transportation Program
NHPP National Highway Performance Program
TIB Transportation Improvement Board

To: Transportation Technical Committee
From: Lois Bollenback, Executive Director
Topic: **2022 Transportation Planning Presentation Series**

01/19/2022

Requested Action:

None. For information and discussion.

Key Points:

- SRTC has been interested in developing a more robust process for identifying transportation system needs along with a quantitative evaluation strategy for determining the highest value projects.
- Near the end of calendar year 2021, SRTC approved a Unified List of Regional Transportation Priorities using a series of screening criteria that are consistent with the Metropolitan Transportation Plan as well as transportation goals set forth in Washington statutes.
- During the first half of 2022, staff will conduct a series of discussions with the SRTC Board and Advisory Committees to; develop a deeper understanding of transportation topics, seek input and direction from members on key issues, and revisit screening criteria to develop a more data driven evaluation strategy for transportation project prioritization.

Board/Committee Discussions:

This is the first in a series of discussions for the SRTC Board and Advisory Committees.

Public Involvement:

All meetings of the SRTC Board and Advisory Committees are noticed and open to the public.

More Information:

- For detailed information contact Lois Bollenback at lbollenback@srtc.org or 509.435.3823

To: Transportation Technical Committee 01/19/2022
From: Kylee Jones, Associate Transportation Planner III
Topic: **2024-2026 Call for Projects: Principles of Investment**

Requested Action:

For information and discussion.

Key Points:

- There will be approximately \$40 million in future annual allocations available for the region-wide 2024-2026 Call for Projects. The funding must be spent in the years 2024-2026, with some limited funding available for use in 2023. The new federal transportation infrastructure bill is anticipated to increase SRTC's annual allocations. Further clarity regarding available funding should be provided to SRTC in early 2022.
- The Board began discussions about the principle of investments for the Call for Projects at their January meeting. These conversations will include, but are not limited to, agency requests for "off-the-top" funding and a funding set-aside for a preservation call for projects for years 2025 and 2026.
- Historically, the "Principles of Investment" include, but are not limited to, funding decisions about off-the-top requests, set-aside for a preservation call, potential set-aside for small towns/small cities, and setting application limits per agency.
- **Off-The-Top Requests:**
 - **Spokane Regional Transportation Management Center (SRTMC)**
2024-2026 Request: \$2,104,115 distributed over three years for operations
 - WSDOT staff presented additional information at the January Board Meeting.
 - In the 2021-2023 Call for Projects, WSDOT requested and received \$1,834,000 for three years of operations of the SRTMC.
 - Reason for increased request: Increases in labor costs, rent and software.
 - **Spokane Regional Transportation Council (SRTC)**
2024-2026 Request: \$1,500,000 distributed over three years for transportation planning
 - SRTC presented additional information at the January Board Meeting.
 - In the 2021-2023 Call for Projects, SRTC requested \$1,050,000 for transportation planning purposes.
 - Reason for increased request: additional funding for project development support (economic analyses); improve data collection and reporting; refill the community outreach staff position vacated in December 2019.

- **Set-Aside:**

Preservation Set-aside Request for use in 2025-2026 – \$9.2M or 23% of the total call for project allocation

- In the 2022-2023 Preservation Call for Projects, the Board set-aside \$6M for maintenance and preservation projects, representing 15% of the total \$40M available. There was \$12M in requests for projects.
- Reason for increased request: In 2021 SRTC reported a \$5B shortfall in regional maintenance and preservation funding over the next 23 years. Also, the SRTC Board adopted a [2021 Priority Statement](#) requesting the State Legislature increase maintenance and preservation funding for local agencies by \$65M /biennium to cover preservation needs for roadways and bridges in the Spokane region. This request would result in the State increasing their 2021-2023 preservation budget (P1-P3) of \$781M/biennium by 8%. SRTC could also mirror an 8% increase to approximately \$9.2M for a preservation set-aside to be obligated in 2025 and 2026.

Small Town 2024-2026 Minimum Request– 3.75% of total call for project allocation

- In the 2021-2023 Call for Projects, the Board ensured a minimum of \$1.5M or 3.75% of the total \$40M call for projects for small town projects. The Board awarded \$2,259,000 in small town projects.
 - Reason for request: Funding SRTC receives must be spent in specific geographical areas which includes urbanized areas with populations under 200,000; small-urbanized areas with populations between 5,000 and 200,000; rural areas with less than 5,000 in population; and finally, flexible spending that can be used in any area. Due to the limited amount of rural funds available it is recommended to maintain a minimum percentage of flexible funding to be awarded to small towns under 5,000 population to address their transportation needs.
- Project/programs that are not funded off-the-top will compete in a Call for Projects application process. The SRTC Board will award funding based on the overall project application scores but may distribute funding based on other criteria such as geographic diversity, performance benefits, and/or project type to ensure an appropriate distribution and timely delivery of regional funding.

Board/Committee Discussions:

The TIP Working Group has reviewed and suggested improvements to the Call for Projects application and met on 12/14/21 to discuss the application and “Principles of Investment”.

At the January TTC and TAC meetings, committee members will discuss the Call for Projects application and the “Principles of Investment.” TTC and TAC members will also be asked to participate

in the scoring of project applications. The Board will decide on a set of “Principles of Investment” at their February meeting.

Public Involvement:

The 2024-2026 SRTC Call for Projects Overview & Principles of Investment topics were discussed at the December TAC, TTC and Board meetings, all of which are open to the public. Additionally, the 2022 TIP Guidebook contains the 2024-2026 Call for Projects Schedule, which was discussed during all committee meetings in November and December 2021.

Supporting Information/Implications

Call for Projects Schedule

2021	
Nov 17 & 21	TAC & TTC meetings – Call for Projects Overview
Dec 9	SRTC Board of Directors – Call for Projects overview
Dec 13 & 15	TAC & TTC meetings – Call for Projects update, principles of investment discussion, applications & evaluation criteria update
2022	
Nov 2021 – Jan 2022	Call for Projects Working Group – develop applications, evaluation criteria, principles of investment discussion
Jan 14	SRTC Board of Directors - Begin Principles of Investment discussion, off the top funding
Jan 22 & 24	TAC & TTC meetings – Call for Projects update, principles of investment discussion, applications & evaluation criteria update
Feb 10	SRTC Board of Directors - Principles of investment, off the top funding
Feb 11	CALL FOR PROJECTS RELEASED
Mar 7	Project Eligibility Worksheet and Complete Streets Checklist DUE by 4:00 pm.
Apr 4	APPLICATION Package DUE by 4:00 pm.
Apr 5-22	SRTC staff screens projects for completeness, consistency with the MTP and CMP. SRTC staff will also calculate the air quality benefits for each CMAQ project at this time
Apr 25 – May 13	Project scoring
May 23	TAC & TTC meetings - review preliminary results
Jun 9	SRTC Board - review preliminary results
Jun 22	TAC & TTC meetings - recommend prioritized lists of STBG, CMAQ STBG Set-Aside, HIP and HIP CRRSAA projects to fund and contingency lists for Board approval
Jul 14	SRTC Board – Approve STBG, CMAQ, STBG Set-Aside, HIP and HIP COVID projects to fund and contingency lists.
Aug – Oct	2023-2026 TIP development process which includes a 30-day public comment period on the draft TIP.

Approximate Available Funding

- On 2/11/2022 SRTC will release a Call for Projects for the following funding types:
 - Surface Transportation Block Grant (STBG) program
 - Congestion Mitigation & Air Quality (CMAQ) program
 - STBG Set-Aside Funds
 - Highway Infrastructure Program (HIP) Funds
 - Highway Infrastructure Programs-Coronavirus Response and Relief Supplemental Appropriations Act (HIP-CRRSAA) Funds
- STBG is the most flexible of all FHWA funding programs. Eligible STBG project types include; roadway and bridge construction, transit capital projects and repair, safety, active transportation, programs and studies.
- The purpose of the CMAQ program is to fund transportation projects that improve air quality. CMAQ funding can be expended on projects that reduce carbon monoxide (CO) and/or coarse particulate matter (PM₁₀) emissions. Eligible CMAQ project types include transit improvements, travel demand management strategies, traffic flow improvements and pedestrian and bicycle facilities.
- STBG Set-Aside, introduced with the Fixing America's Surface Transportation (FAST) Act, replaces the Transportation Alternatives Program (TAP). Examples of eligible projects include on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation, and safe routes to school projects.
- HIP provides federal funds for road, bridge, ferry, transit capital, Intelligent Transportation System (ITS), capital projects for the elimination of hazards, and the installation of protective devices at railway-highway crossing. Additionally, HIP funds can be used for charging infrastructure along alternative fuel corridors.
- HIP-CRRSAA may be used for activities that are eligible under the STBG funding program in addition to covering revenue losses, supplanting, or replacing funds, personnel salaries, operation, and maintenance. There is no local match required with this funding type.

Fund Type	Fund Qualifications	Projected Amount
STBG	Flexible	\$23,300,000
STBG-Set Aside	Transportation Alternatives	\$2,800,000
CMAQ	Congestion Relief	\$10,600,000
HIP	Highway Infrastructure	\$347,000
HIP-CRRSSA	Highway Infrastructure-Flexible	\$2,440,000

More Information:

- For additional information contact Kylee Jones at kjones@src.org or 509.343.6370

To: Transportation Technical Committee
From: David Fletcher, Principal Transportation Planner
Topic: **Critical Urban and Rural Freight Corridors Update**

01/19/2022

Requested Action:

None. For information and discussion.

Key Points:

- WSDOT's Rail, Freight, and Ports Division is updating the state's Critical Urban Freight Corridors (CUFC) and Critical Rural Freight Corridors (CRFC). They were last updated in 2016.
- CUFC/CRFC routes are part of the National Highway Freight Network, which was established to strategically direct Federal resources—including National Highway Freight Program (NHFP) and INFRA grant program funds—toward improved freight performance.
- To target limited miles towards regional priority routes, WSDOT is taking a "project-first" approach for the 2022 CUFC/CRFC update and has requested that MPOs submit a list regional freight priority projects for FFY 2022–2025 NHFP funding consideration. The deadline for SRTC to submit this list to WSDOT is March 16, 2022. Additional information on the FFY 2022–2025 NHFP Call for Projects can be found [HERE](#).
- SRTC has compiled a list of candidate projects from Horizon 2045 and the Unified List of Regional Transportation Priorities (see **Attachment**). Staff is evaluating the competitiveness of these projects, based on the criteria that will be applied by WSDOT to award NHFP funds. More information on WSDOT's project scoring criteria is available [HERE](#).
- The full CUFC/CRFC update process schedule is provided in the Supporting Information/Implications section of this document.

Board/Committee Discussions:

The 2022 CUFC/CRFC update was discussed at the November and December TTC and Transportation Advisory Committee (TAC) meetings. The topic was presented to the Board in their December 2021 meeting. Staff will seek TTC and TAC input throughout this process, to ensure the development of a competitive and accurate list of regional freight priority projects for potential CUFC/CRFC designation and NHFP funding.

Public Involvement:

All Board and committee meetings are open to the public.

Supporting Information/Implications

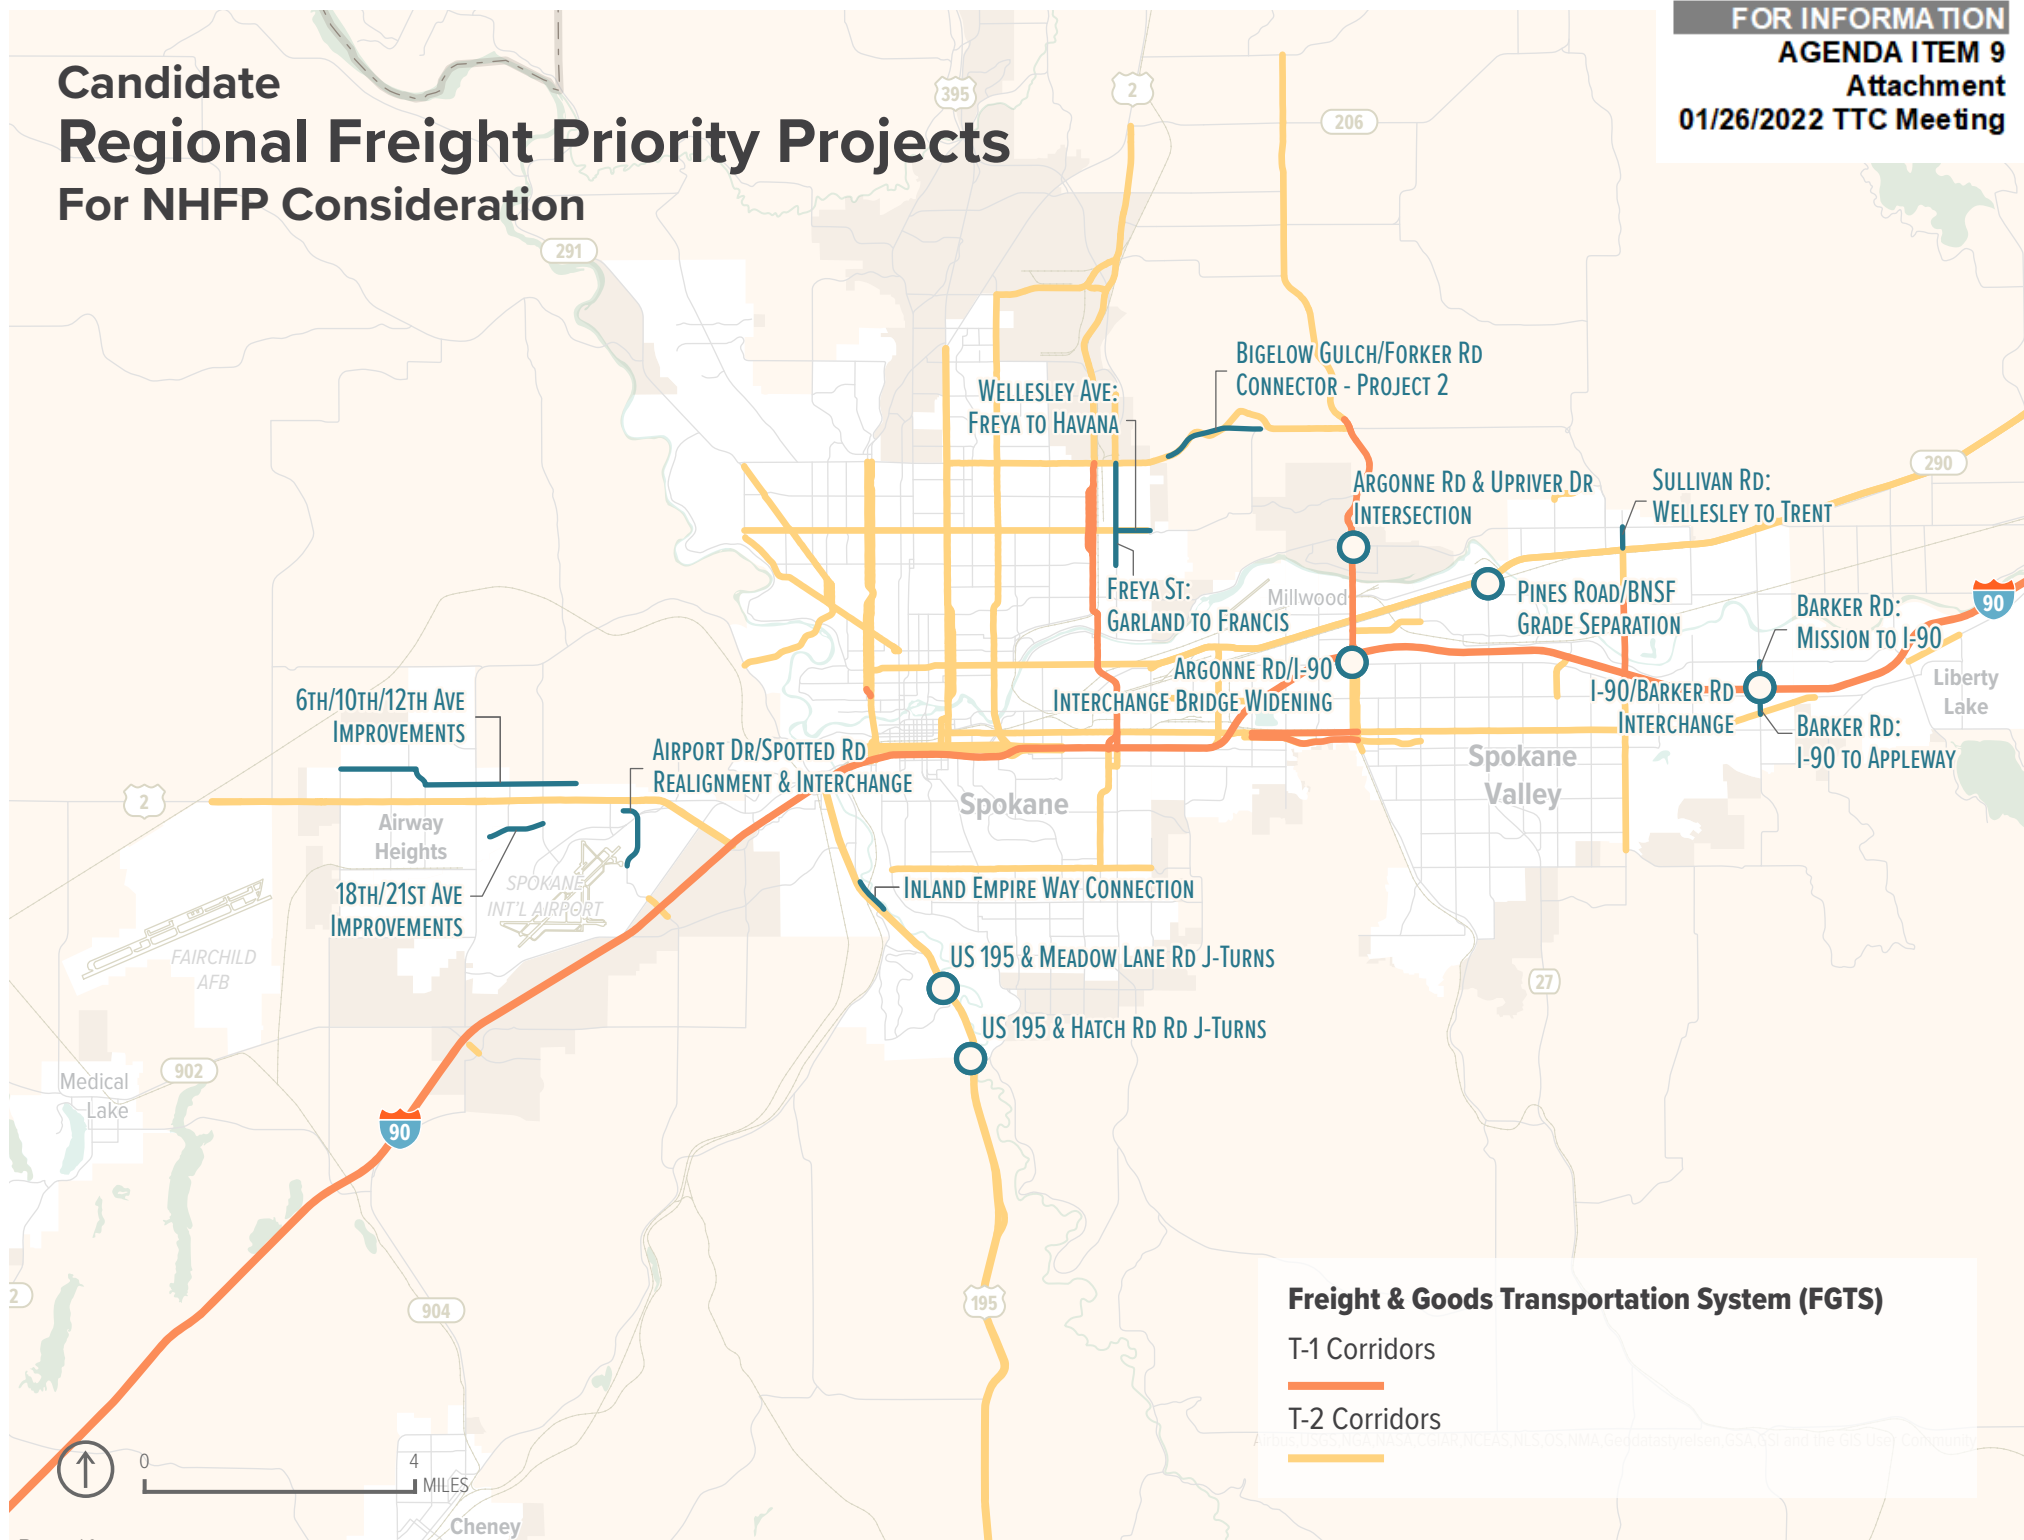

CUFC/CRFC update schedule:

	2021		2022							
	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG
1) WSDOT Coordinates with MPOs/RTPOs to Update Freight Project Prioritization Approach										
2) WSDOT Solicits Regional Freight Priority Projects from MPOs/RTPOs for the FFY 2022–2025 NHFP Program										
3) WSDOT Coordinates with MPOs/RTPOs to Prioritize and Select Regional Freight Projects and Develop Freight Investment Plan										
4) CUFC/CURC Designation of Selected Regional Freight Projects (required FHWA review and approval)										
5) Selected Regional Freight Projects Awarded NHFP Funds										

More Information:

- Attachment: Map of Candidate Regional Freight Priority Projects
- For detailed information contact: David Fletcher at dfletcher@src.org or 509.343.6370

Candidate Regional Freight Priority Projects For NHFP Consideration

To: Transportation Technical Committee 01/19/2022
From: Mike Ulrich, Principal Transportation Planner
Topic: **DATA (Data Application for Transportation Analysis) Project Update**

Requested Action:

None. For information and discussion.

Key Points:

- The concept of the DATA Project began with a recognition by the SRTC Board in 2018 that there was a need to acquire data to support updates to the travel demand model which is used to forecast future travel patterns.
- As part of the 2018 Call for Projects, the SRTC Board set aside \$1M for data acquisition intended to strengthen the agency's ability to analyze, forecast, and plan for impacts to the regional transportation network. Expected outcomes include, but are not limited to, a refined ability to prioritize projects, improved scenario planning capabilities, and performance management enhancements.
- SRTC staff, in consideration of feedback from the project team, began scoping a holistic project which would evaluate the state of the travel demand model as well as other opportunities and needs for data application within SRTC's planning process.
- Ultimately, a two-phased project was developed. Phase I focused on assessment of SRTC's current practice as well as an evaluation of the state of best practice. Those assessments informed a design plan. In March 2021, the SRTC Board approved that design plan (**Attachment One**) and Phase II began.
- The Household Travel Survey task is substantially underway. The survey instrument has been designed, the sample plan is finalized, and the survey will be deployed beginning on February 4.
- Both the Travel Demand Model Update and Traffic Count Tasks are underway and will be considered by the project team during three planned stakeholder engagement meetings.
- On January 19, the model users will meet to discuss the consultant team's model network review findings, discuss preferences for network enhancements, and present/discuss an approach to use for model validation, including traffic counts that would be needed.
- Through the course of the stakeholder engagement meetings the project team will finalize detailed, task-level scopes and budgets for all the project's tasks. That work is scheduled to be completed by mid-March.
- The project's overall schedule is attached for reference (**Attachment Two**).

Board/Committee Discussions:

The Board approved the design plan and authorized the Interim Executive Director to negotiate and execute an agreement with Resource Systems Group, Inc. for an amount not to exceed \$1,060,000 for Phase II of the DATA project in March 2021. The TTC and TAC will be presented with an update on the project at their January meetings.

Project Team Involvement:

The project team, which has been informing this project since its inception, is made up of staff-level partners who are consumers of SRTC data products. The project team was instrumental in developing the project's RFQ and in the consultant selection process. More recently, the project team was used to help the consultant team understand investment priorities. The project has relied on the feedback from a larger stakeholder group. A summary of that feedback and how it was applied to the draft design plan can be found [here](#). As mentioned previously, the project team will be participating in a three-meeting stakeholder engagement process which will inform some of the task-level decisions in the project. The project team membership is as follows:

<u>Jurisdiction</u>	<u>Project Team Members</u>		
City of Spokane Valley	Mike Basinger	Adam Jackson	Jeremy Clark
WSDOT	Shea Suski	Greg Figg	
City of Liberty Lake	Lisa Key		
Spokane Airports	Lisa Corcoran		
City of Spokane	Louis Meuler	Inga Note	Shauna Harshman
City of Airway Heights	Bill White		
S3R3 Solutions	Todd Coleman		
Spokane County	Tammy Jones	Barry Greene	Jami Hayes
Spokane Transit	Hamid Hajjafari	Mike Tresidder	

Public Involvement:

The funds for this project were included in the 2019-2022 TIP which was adopted 10/11/2018. A public meeting was held on 09/19/2018 to review and discuss the 2019-2022 TIP and a 30-day public comment period ran from 09/01/18 to 09/30/18.

DATA PROJECT DESIGN PLAN SUMMARY

DATA/TOOL	COST	DESCRIPTION	SRTC SUPPORT	WHY PROPOSED
HOUSEHOLD TRAVEL SURVEY	\$345,000	A 1,500 household, smartphone enabled household travel survey	0.2 FTE for project management, coordination, and outreach	<ul style="list-style-type: none"> • Data necessary for a credible, analytically valid travel demand model • Benefits beyond the travel demand model – useful for other regional and local planning applications too • Helps policymakers understand region-specific travel behaviors
PASSIVE DATA	\$135,000	Passenger and heavy truck trip tables from passive (location-based services) data	None	<ul style="list-style-type: none"> • Cost effective data source to compliment smaller sample HHTS • Supports SRTC's responsibilities to monitor and report on regional system performance trends
TRAFFIC COUNT DATA	\$50,000	Selected traffic counts at key locations	Coordination with jurisdictions, obtaining permissions/permits as needed. Exact level of effort TBD	<ul style="list-style-type: none"> • Necessary for travel demand model validation • Needed to address gaps in data currently available from partner agencies
LAND USE ALLOCATION TOOL	\$100,000	A system for management of existing and future land-use data and allocation of countywide population and employment controls to TAZs, taking into account land capacity and recent developments.	0.05 - 0.1 FTE for project management. 0.5 FTE analyst support for tool development (1 year)	<ul style="list-style-type: none"> • Streamlines land use data inputs to the travel demand model • Makes more frequent model updates possible • Modest-cost tool to help agencies allocate their future population and employment projections to TAZs • Keeping land use information more current was a need expressed by several stakeholders during listening sessions
TRAVEL DEMAND MODEL UPDATES	\$250,000	Update travel model zones, and networks. Calibrate models to survey and passive data. Validate to counts and boardings. Implement a data driven heavy truck model from passive data. Documentation, user's guide and training.	0.05 - 0.1 FTE for project management. 0.25 analyst FTE over 3 months for collection and geocoding available traffic counts from jurisdictions	<ul style="list-style-type: none"> • Federally required regional planning tool • Improves information for regional planning • Makes model more useful to partner agencies
ONLINE DATA HUB	\$100,000	A regional online data and tools platform to manage and share SRTC's data and tools with the community.	0.05 - 0.1 FTE for project management is assumed, along with additional planner/analyst FTE to periodically update the data and tools as needed. Limited IT support to help maintain the site	<ul style="list-style-type: none"> • Supports SRTC's public information obligations • Data visualization helpful for policy makers • Makes extremely technical model outputs consumable by non-technical audiences (SRTC Board, economic development partners, public, etc.)

SRTC LAST UPDATED: 1/4/22

To: Transportation Technical Committee
From: Michael Redlinger, Associate Transportation Planner II
Topic: SRTC 2022 Equity Planning Framework

01/19/2022

Requested Action:

For information and discussion.

Key Points:

- SRTC is beginning work on an updated equity planning framework to; maximize regional competitiveness for funding opportunities, meet state and federal requirements, improve existing equity planning methodologies, and positively impact our community.
- Throughout January and February, the Board, TAC, and TTC will be asked to provide feedback on the timeline, scope, and goals of the equity planning framework. Staff will return to the Board and committees later this year with items related to data needs, project evaluation criteria, policy, and outreach.
- As part of this work, SRTC is assembling a working group comprised of TAC and TTC members to provide input and guide the equity planning framework process throughout 2022. The working group will also hear from local subject matter experts and community members.
- The Equity Working Group will generally meet once each month (for one hour each) between March and November, including two workshops and guest speaker presentations.
- The Equity Working Group will help formulate equity framework-related recommendations for the Board, TAC, TTC, and SRTC staff, as well as inform the TAC and TTC on the development of the framework.
- A draft development schedule for the SRTC equity planning framework is included as an attachment.
- With input from the working group, SRTC will develop a draft framework and set of recommendations to be presented to the TAC and TTC in autumn 2022. Pending TAC and TTC recommendations, the framework will return to the Board for adoption by the end of 2022.
- Establishing a mission statement for the equity planning framework is important. To help inform our work, please respond to a ranked choice polling question for all committee members. Note that there may be overlap between the statements, and a lower rank does not indicate disagreement:

SRTC should pursue an equity planning framework in order to:

- *Maximize regional competitiveness for funding*
- *Fulfill our moral imperative (it's the right thing to do)*

- *Provide regional leadership in inclusive participation*
 - *Maximize access to opportunities and services for historically excluded or potentially disadvantaged communities*
 - *Prioritize investments that target health and safety benefits for historically excluded or potentially disadvantaged communities*
 - *Other (email me or fill in the blank): _____*
- The SRTC SFY 2022-2023 Unified Planning Work Program includes provisions for the agency to pursue development of an equity planning framework in 2022.
- Ideally this work will also prove useful to SRTC member agencies.

Board/Committee Discussions:

This is the first time that SRTC's 2022 equity planning work has been presented to the TTC. To help inform our work, the presentation includes a ranked choice polling question for all TTC members.

Public Involvement:

All Board, TTC, and TAC meetings at which the equity planning framework is discussed will be open to the public. Additionally, the work group will hear from guest speakers from our community, and/or from other MPOs. Guest speakers will include members of historically excluded and potentially disadvantaged communities and/or service providers and subject matter experts.

Supporting Information/Implications

A draft development schedule for the SRTC equity planning framework is shown in the attachment.
