

#### **Transportation Technical Committee Meeting**

Wednesday, January 26, 2022 | 1:00 PM – 2:30 PM **AGENDA** 

| Time | Item |   | Page |
|------|------|---|------|
| 1:00 | 1.   | Call to Order / Record of Attendance  |      |
| 1:02 | 2.   | Approval of December 2021 Meeting Minutes                                     |      |
| 1:03 | 3.   | Public Comments   |      |
| 1:05 | 4.   | TTC Member Comments   |      |
| 1:15 | 5.   | Chair Report on SRTC Board of Directors Meeting                               |      |
|      |      | FOR ACTION  |      |
| 1:20 | 6.   | 2022-2025 Transportation Improvement Program February Amendment (Kylee Jones) |      |
|      |      |   |      |
|      |      | FOR INFORMATION AND DISCUSSION  |      |
| 1:25 | 7.   | 2022 Transportation Planning Presentation Series (Lois Bollenback)            | 2    |
| 1:45 | 8.   | SRTC 2024-2026 Call for Projects: Principles of Investment (Kylee Jones)      | 12   |
| 1:55 | 9.   | Critical Urban and Rural Freight Corridors Update (David Fletcher)            | 21   |
| 2:05 | 10.  | DATA Project Update (Mike Ulrich)   | 32   |
| 2:15 | 11.  | SRTC 2022 Equity Planning Framework (Michael Redlinger)                       | 44   |
| 2:25 | 12.  | Agency Update (Ryan Stewart)  | n/a  |
| 2:30 | 13.  | Adjournment   |      |

Agenda items in blue type had presentations and have all been combined into one side deck.

# Spokane Regional Transportation Council Technical Transportation Committee (TTC)

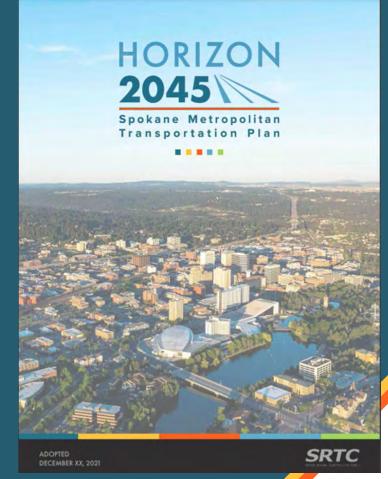

**2022 Discussion Series** 

**January 26, 2022** 

Agenda Item 7

## Role of an MPO in the Community

- Federal-Aid Highway Act of 1962:
   mandated the formation of MPOs to plan for regional
   <u>transportation planning expenditures</u> and are responsible
   for the continuing, cooperative, and comprehensive
   transportation planning process for their urbanized area.
- Metropolitan Planning Organization (MPO):
   an agency created by federal law to provide <u>local elected</u>
   <u>officials input into the planning and implementation of federal</u>
   <u>transportation funds</u> (areas with populations of greater than 50,000).

### Required Activities - - Optional Activities

#### Required

Metropolitan Transportation Plan (MTP)

Transportation
Improvement Program (TIP)

Unified Planning Work Program (UPWP)

Congestion Management Process (CMP)

#### **Optional**

Corridor Plans & Studies

Research: Demographic / Equity

Strengthening Community

Partnerships

Data collection

Grant Development

Safety Awareness

# 2021 Transportation Funding Priority Statements

- Complete Projects in Connecting Washington (North Spokane Corridor)
- 2. Increase funding for Maintenance & Preservation
- 3. Maintain Funding for Forward Washington & Miles Ahead Washington

#### Spokane Regional Transportation Council 2021 TRANSPORTATION FUNDING PRIORITY STATEMENT

Spokane Regional Transportation Council (SRTC) is both the Metropolitan Planning Organization (MPO) and Regional Transportation Planning Organization (RTPO) for Spokane County, SRTC provides regional transportation leadership and coordination by conducting comprehensive, cooperative, and continuing transportation planning with representatives from local jurisdictions, Tribes, Transportation providers and local stakeholders. SRTC works to ensure that transportation projects and programs are based on mutually agreed upon goals and priorities developed in an impartial and non-partisan platform.

In anticipation of a special State legislative session in late 2021 during which transportation funding may be discussed, this document can serve as a framework for conversations with area legislators and local business interests. Using the regional planning process, the following transportation funding priority statement was endorsed by the Spokane Regional Transportation Council Board of Directors on September 9, 2021.

#### Priority One

Completion and Acceleration of the Connecting Washington Program

The 2015 Connecting Washington funding package provides \$16 billion to enhance the statewide transportation system and to maintain critical infrastructure. Since 2015, other emerging transportation requirements could potentially jeopardize funding that was allocated in Connecting Washington projects in our region.

The SRTC Board supports efforts to maintain funding for the following Connecting Washington projects:

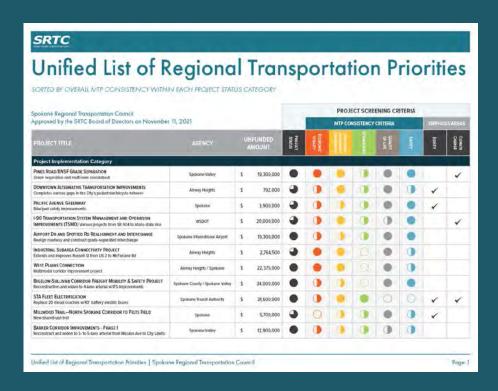

- US 395/North Spokane Corridor
- I-90/Medical Lake I/C to Geiger Field Interchange Reconstruction
- I-90/Barker to Harvard
- The City Line

Additionally, the Board supports advancing funds to complete the North Spokane Corridor in 2026 than 2029 as currently programmed.

SRTC | 421 W Riverside Ave Ste 500, Spokane WA 99201 | www.srtc.org | 509-343-6370

#### Your Vision - - Our Vision

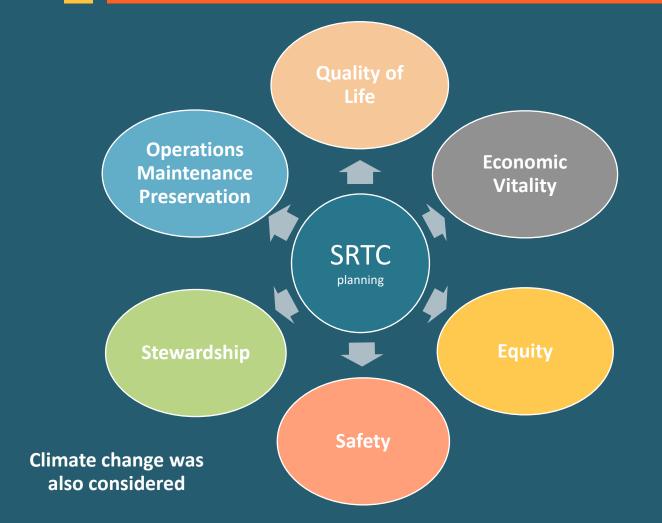

# 2021 Unified List of Regional Transportation Priorities

- Identified Transportation Project
   Priorities for the Spokane Region
- Utilized a project development pipeline approach
- Narrowed the focus

Your Vision - - Our Vision

# 2022 Discussion Topics

### Required Planning Factors

- 1) Support the economic vitality, especially by enabling global competitiveness, productivity, and efficiency;
- 2) Increase the safety & security of the transportation system for motorized and non-motorized users;
- 3) Increase accessibility and mobility of people and freight;
- 4) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between state and local planned growth;
- 5) Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- 6) Promote efficient system management and operation;
- 7) Emphasize the preservation of the existing transportation system;
- 8) Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
- 9) Enhance travel and tourism.

# Responding to Community Needs

## **Looking Forward**

- Develop Funding Strategies
- Data Collection & Management
- Leverage Partnerships
- Leverage Technology
- Identify & Advance Projects
- Pursue Balance & Equity
- Climate Change & Resiliency

# Thank you!

Lois Bollenback, Executive Director

Spokane Regional Transportation Council

# 2024-2026 SRTC Call For Projects Overview & Principles of Investment

**Transportation Technical Committee** 

**Kylee Jones, Associate Transportation Planner III** 

Agenda Item 8, Page 10

**Information & Discussion Item** 

#### Overview

- Region-wide Call for Projects to be spent in 2024-2026
- Approximately \$43 million (5 funding types)
- Discussion of "Principles of Investment"
- Feedback will be shared at the February Board Meeting

### Principles of Investment

"Principles of Investment" include but are not limited to funding decisions about the following:

- Off-the-top requests
- Set-aside for a preservation call
- Minimum award % for small towns

# 2024-2026 SRTC Regional Funds

Surface Transportation Block Grant Program (STBG)

- ~\$28.3 million
- Flexible
- Urban, Urban Small, Rural

Congestion
Mitigation & Air
Quality
(CMAQ)

- ~\$9.2 million
- Improve congestion and improve air quality

STBG Program
Transportation
Alternatives
(STBG-SA)

- ~\$2.8 million
- Bicycle &
   Pedestrian
   projects, Safe
   Routes to school,
   ADA
- Urban and Rural

Highway
Infrastructure
Program
(HIP)

- ~\$340 K
- ITS, roads, bridges, transit capital, railhighway crossing

HIP-Coronavirus
Response and Relief
Supplemental
Appropriations Act
(HIP-CRRSAA)

- ~\$2.4 million
- Flexible
- No local match required
- Urbanized area only

#### Principles of Investment

#### Off-the-Top Request:

- Spokane Regional Transportation Management Center (SRTMC) Executive Board Request - \$2,104,115 distributed over three years for operations
- Glenn Wagemann, PE WSDOT

#### SRTMC, Who and What

- The SRTMC operates 24/7 as a multijurisdictional entity to deliver reliable transportation information services, locally and regionally, in order to create a safe and efficient travel experience.
- Monitor, manage, and operate the network to reduce congestion, respond to and limit collisions, providing information to first responders, and posting information for the public on the web, 511, and email/text alerts.
- 125+ live camera feeds, 25 electronic message signs, various ITS devices that collect data on volume/speed/occupancy including travel times and original/destination information.
- Coordination, optimize, and share limited resources, technology, and infrastructure for the benefit of the region transportation system.
- Governed by an Executive and Operations Board that oversees management and operations of the SRTMC.

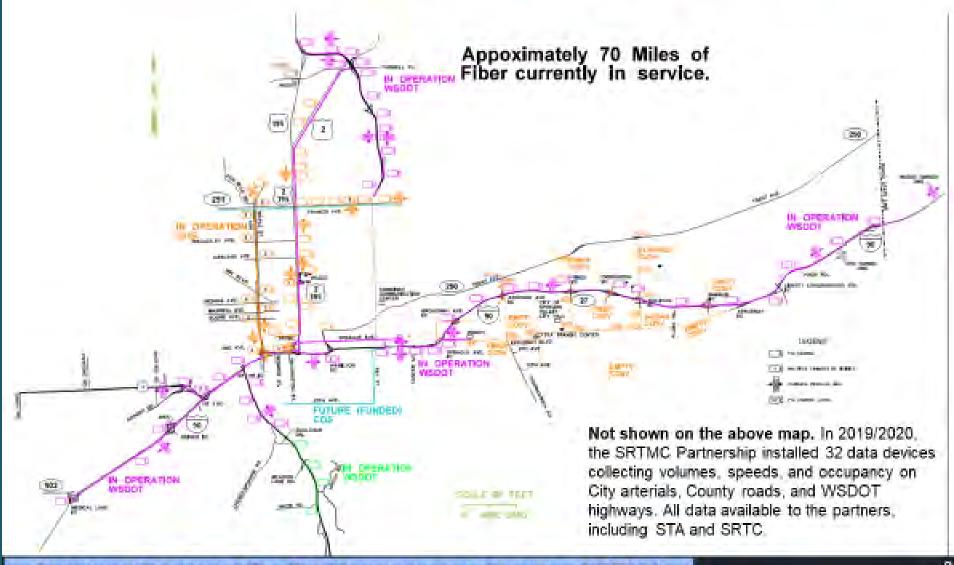

#### Cameras, Message Signs, and Fiber Managed by SRTMC

#### SRTC Grant Funding Request - \$2,104,115

| Total:                   | 5 600,541.25                    | 5   | 610,359.70     | 5 | 623,784.36   |   | \$684,956.04 | 5711,527.11      | 5707,631.67   |  |
|                          |                                 |     |                |   |              |   |              |                  |               |  |
|                          |                                 | 202 | 1-2023 Totals: | 5 | 1,834,685.32 |   | - 2          | 024-2026 Totals: | 52,104,114.82 |  |

#### Primary Increases from Previous Grant Request

- Labor ITS position(s) pay increase as WSDOT changed pay range. The Governor negotiated with the Union a 3.25% increase starting in July of 2022. Future years include a 2% COLA.
- Rent Lease expired after the 2018 grant request, with renegotiated lease considerably higher.
   Lease is currently fixed through 2022, then 3% annual increase through 2024 at which time the lease requires renegotiation. SRTMC looking to relocate to a WSDOT facility.
- Software (Capital) (e.g., PeMS, Cameleon, iNet) based on existing software packages and renewal
  dates. Software packages purchased from other past grants with a 5-year license are up for
  renewal. Amount assumes a 2% increase in renewal costs as anticipated major changes in software
  delivery /support. Cyclical variation in renewal dates causes the amounts to each year.

SRTC Grant Request Amt. for 2024-26

2024-2026 Totals: \$2,104,114.82

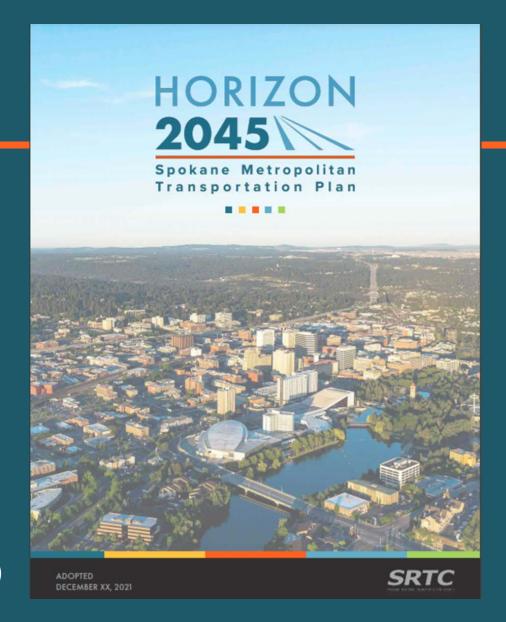

### Principles of Investment

#### Off-the-Top Requests Continued:

- SRTC Request \$1,500,000 distributed over three years for transportation planning
- Lois Bollenback SRTC Executive Director

## **SRTC Planning Activities**

- Metropolitan Transportation Plan (MTP)
- US 195/I-90 Transportation Study
- Division Connects
- Demographic & Equity Research
- Public Engagement
- Strengthening Community Partnerships
- Data collection (Household Travel Survey)
- Project Prioritization / Development (Call for Projects)

### **SRTC Project Advancement**

- Electrification Grant
- North Spokane Corridor
- Pines Road Grade Separation
- Bigelow Gulch Corridor
- Division Connects
- Millwood Trail
- Bike-Ped Counters & Blue Tooth Readers

# **Additional Funding**

#### Refill Community Outreach Position (\$50k)

 Business/community relations, event planning, develop quality materials, measure performance, reporting

#### **Project Development Support (\$100k)**

• Economic (cost/benefit analysis), data collection, resiliency/climate change, freight

# **Funding History**

|                    | 2016        | 2017        | 2018        | 2019        | 2020        | 2021        | 2022           |

<sup>\*</sup> Projects approved during previous Call for Projects (2018). Additional funding provided from STA & WSDOT

# **Looking Forward**

- Leverage Partnerships (business and community relationships)
- Identify & Advance Needed Projects

In addition to the standard \$350,000 annual allocation, approve an additional \$150,000 per year in off the top funding for SRTC for a total of \$1,500,00 over the 3-year Call for Projects funding period.

### Principles of Investment

#### Off-the-Top Requests:

- SRTMC Request \$2,104,115 distributed over three years for operations
- SRTC Request \$1,500,000 distributed over three years for transportation planning

Total: \$3,604,115

### Principles of Investments

#### Minimum award:

 Small Town 2024-2026 Minimum Award— 3.75% of total call for project allocation

### Principles of Investments

#### Set-Aside:

Preservation set-aside consideration for use in 2025-2026 –
 \$9.2M or 23% of the total call for project allocation

### **Next Steps**

- January
  - Board/TAC/TTC Info
- February
  - Board Action

| Feb 10          | SRTC Board of Directors - Principles of investment, off the top funding  |

# CRITICAL URBAN/RURAL FREIGHT CORRIDORS UPDATE

SRTC Transportation Technical Committee Agenda Item 9 | Page 14

January 26, 2022

#### CRITICAL URBAN/RURAL FREIGHT CORRIDORS

#### **National Highway Freight Network**

- Primary Highway Freight System
- All Other Interstates
- Critical Urban Freight Corridors [CUFC]
- Critical Rural Freight Corridors [CRFC]

#### Related to Federal funding

- National Highway Freight Program [NHFP]
- INFRA Grant Program

WSDOT is taking a "project first" approach to the current update, to target limited mileage towards <u>regional</u> freight priorities

• Last Updated in 2016

#### 2022 CUFC/CRFC UPDATE PROCESS

# WSDOT is taking a "project first" approach to the current update, to target limited mileage towards regional priorities

- 1. Identify regional freight priorities for NHFP [MPOs in coordination w/local jurisdictions]
- 2. Prepare and submit NHFP applications [local jurisdictions w/MPO assistance, as needed]
- 3. WSDOT applies statewide freight prioritization criteria
- 4. <u>Selected projects designated as Critical Urban/Rural Freight Corridors and awarded NHFP funding</u>
- 5. Remaining CUFC/CRFC milage distributed

#### **CUFC/CRFC DESIGNATION**

CUFC/CRFC designation identifies important freight corridors that provide critical connectivity to the NHFN, they must meet the following criteria:<sup>1</sup>

## CUFC must be in the Highway Urbanized Area meet one or more of the following four elements

- Connect an intermodal facility to the PHFS, Interstate System, or another intermodal freight facility
- Located within a corridor of a route on the PHFS and provides an alternative highway option important to goods movement
- Serve a major freight generator, logistic center, or manufacturing and warehouse industrial land
- Be important to the movement of freight within the region, as determined by the MPO or State.

# CRFC must not be in the Highway Urbanized Area meet one or more of the following seven elements

- Is a rural principal arterial with truck freight accounting for at least 25% of its AADT
- Provides access to energy exploration, development, installation, or production areas
- Connects the PHFS or Interstate System to facilities that handle more than 500,000 tons per year of bulk commodities
- Provides access to a grain elevator, agricultural facility, mining facility, forestry facility, or intermodal facility
- Connects to an international port of entry

#### NATIONAL HIGHWAY FREIGHT PROGRAM [NHFP]

\$50 million in NHFP funds anticipated for local projects statewide [FFY 2022–2025]

- Spokane region share based on 2021 population: \$3.5 million [7.0%]
- Spokane region share based on NHFN lane miles: \$3.2 million [6.4%]
- Spokane region share based on previous NHFP: \$6.3 million [12.5%]

#### Previous NHFP Call for Projects:

- \$89 million statewide [FFY 2016–2020]
- Spokane region received \$11.2 million
  - Bigelow Gulch-Forker Rd Connector: \$5.2 million
  - Barker Rd/BNSF Grade Separation: \$6.0 million

## PROJECT SCORING CRITERIA

Based around six state transportation policy goals

Policy goal weights shown are examples only and will be determined by the project selection committee during the project selection process

| Goal                        | Improve the State of Cond Renais of Present and/or hidge   |  | EXAMPLE<br>ONLY<br>Policy Goal<br>weight | EXAMPLE<br>ONLY<br>Maximum<br>point<br>allocation |
|-----------------------------|--|--|--|---|

| Realignment & Interchange   | \$19,300,000       | 5.8     |
| Interchange<br>an/Rural Freight Corridors Upd                                 | ate                | 10      |

### **NEXT STEPS**

#### February

Prepare project submittal forms for regional freight priority projects

\*Friday, March 11 deadline for local agencies to submit project forms to SRTC

#### **SRTC Board**

Review draft Regional Freight Priority Projects at February meeting

#### TTC / TAC

Recommend final Regional Freight Priority Projects List to Board at February meetings

#### March

Submit regional freight priority project forms to WSDOT

\*March 16 deadline for SRTC to submit Regional Freight Priority Projects List and project forms to WSDOT

#### **SRTC Board**

Approve final Regional Freight Priority Projects List at March meeting

## **QUESTIONS?**

SRTC Transportation Technical Committee Agenda Item 9 | Page 14

January 26, 2022

# **DATA Project Update**

Data Application for Transportation Analysis

TTC Meeting
Agenda Item 10 | Page 17

**January 26, 2022** 

# **Initial Project Goals**

- Improve confidence in data and information used for transportation decision-making.
- Help align regional data and tools with member agency planning needs.
- Increase stakeholder agency input into existing tools, such as the regional travel demand model, and development of potential new tools.
- Look for innovative ways to analyze and respond to emerging transportation trends.

# History

- Board recognized need to acquire data to apply to planning in 2018.
- \$1M in STBG funding was set aside during 2018 call for projects.
- Staff, in coordination with stakeholders, developed a two-phased project to evaluate SRTC's practice, state of best practice, and recommend critical investments.
- March 2021, the Board adopted the Phase II design plan.

# Phase II Design Plan

Six key investments

Planning level schedules and cost estimates

**Summary of related ongoing investments** 

#### **DATA PROJECT DESIGN PLAN SUMMARY**

| DATA/TOOL                   | COST DESCRIPTION  |  | SRTC SUPPORT  | WHY PROPOSED  |  |  |  |  |
|-----------------------------|---|--|---|---|--|--|--|--|
| HOUSEHOLD TRAVEL SURVEY     | \$345,000   | A 1,500 household, smartphone enabled household travel survey  |   | <ul> <li>Data necessary for a credible, analytically valid travel demand model</li> <li>Benefits beyond the travel demand model — useful for other regional and local planning applications too</li> <li>Helps policymakers understand region-specific travel behaviors</li> </ul>  |  |  |  |  |
| PASSIVE DATA                | \$135,000   | Passenger and heavy truck trip<br>tables from passive (location-<br>based services) data   | None  | Cost effective data source to compliment smaller sample HHTS  Supports SRTC's responsibilities to monitor and report on regional system performance trends  |  |  |  |  |
| TRAFFIC COUNT DATA          | \$50,000  | Selected traffic counts at key locations   | Coordination with jurisdictions, obtaining permissions/permits as needed. Exact level of effort TBD   | Necessary for travel demand model validation     Needed to address gaps in data currently available from partner agencies   |  |  |  |  |
| LAND USE ALLOCATION<br>TOOL | \$100,000 A system for management of 0.05 - 0.1 FTE for projective existing and future land-use data and allocation of countywide support for tool development controls to TAZs, taking into account land capacity and recent developments. |  | management. 0.5 FTE analyst support for tool development  | Streamlines land use data inputs to the travel demand model     Makes more frequent model updates possible     Modest-cost tool to help agencies allocate their future population and employment projections to TAZs     Keeping land use information more current was a need expressed by several stakeholders during listening sessions |  |  |  |  |
| TRAVEL DEMAND MODEL UPDATES | \$250,000   | Update travel model zones, and networks. Calibrate models to survey and passive data. Validate to counts and boardings. Implement a data driven heavy truck model from passive data. Documentation, user's guide and training. | management. 0.25 analyst FTE over 3 months for collection and geocoding available traffic   | <ul> <li>Federally required regional planning tool</li> <li>Improves information for regional planning</li> <li>Makes model more useful to partner agencies</li> </ul>  |  |  |  |  |
| ONLINE DATA HUB             | \$100,000   |  | 0.05 - 0.1 FTE for project management is assumed, along with additional planner/analyst FTE to periodically update the data and tools as needed. Limited IT support to help maintain the site |   |  |  |  |  |

# Tasks Substantially Underway

- Household Travel Survey
- Traffic Count Data
- Land Use Allocation Tool
- Travel Demand Model Updates

## Household Travel Survey

- Last completed in 2005.
- Data critical to updating demographic assumptions in the region.
- Collects data such a trip locations, travel mode, income level, vehicle ownership, etc.
- 80,000 invitations sent;
   expecting 1,500 respondents.

The Spokane Regional Transportation Council (SRTC) is inviting you to participate in the Spokane Regional Transportation Study. We are conducting this survey to collect accurate information about residents' day-to-day travel throughout the region.

By taking part, you'll help us understand how local roads, highways, public transportation, bike lanes, and sidewalks are used today, and how they can be improved to make travel better in the future. We want to hear from you even if you don't travel often. Your input will have a big impact because only a limited number of households have been invited to participate in the survey. Follow the instructions below to sign up today. Your voice can shape the future of your community.

## **Traffic Count Data**

- Necessary to confirm the outputs of the travel demand model.
- Needed to address gaps in data currently available from member jurisdictions.
- Draft scope is to collect counts at 117 locations.
- Draft scope was reviewed by stakeholder team on January 19.
- Count collection will begin in the Spring.

## **Land Use Allocation Tool**

- Based on methodology adopted by SRTC Board in September 2020.
- Task will automate some of the more time-consuming elements of the process.
- Create a system that allows users to adjust 'levers' to visualize regional changes over time for various scenarios.

# Travel Demand Model Updates

- travel demand model is a fundamental tool for analysis of transportation projects and policies considered by SRTC and partner agencies.
- Updated model useful for member jurisdiction's sub-area planning.
- Task will improve truck modeling functions.

# Stakeholder Engagement

- Stakeholders provided input during Phase I including feedback on prioritizing Phase II work tasks.
- Three meetings to engage stakeholders regarding refined scope for Phase II.
- First meeting was January 19.

# Next Steps / Key Milestones

# **Phase II Investments**

| Data/Toolbox       | PASSIVE DATA  |
|--------------------|---|
| Description        | Passenger and heavy truck trip tables from passive (location-based services) data.  |
| Cost               | \$135,000   |
| SRTC Staff Support | None  |
| Schedule           | Coordinated to coincide with household travel survey.   |
| Why Proposed       | <ul> <li>Cost effective data source</li> <li>Support's SRTC's responsibilities to monitor and report on regional traffic and system performance trends</li> </ul> |

# **Phase II Investments**

| Data/Toolbox       | ONLINE DATA HUB  |
|--------------------|--|
| Description        | Regional online data and tools platform to manage and share SRTC's information with the community.   |
| Cost               | \$100,000  |
| SRTC Staff Support | <ul> <li>0.05 to 0.1 FTE for project management</li> <li>Additional planner analyst FTE to update data and tools as needed</li> <li>Limited IT support to maintain the site</li> </ul> |
| Schedule           | <ul> <li>Spring 2021 – begin tool design</li> <li>Spring 2022 – initial version available</li> </ul>   |
| Why Proposed       | <ul> <li>Supports SRTC's public information obligations</li> <li>Data visualization helpful for policy makers</li> <li>Requested by SRTC's economic development partners</li> </ul>    |

# EQUITY PLANNING FRAMEWORK

Transportation Technical Committee
Information Item: SRTC Equity Planning Framework – Introduction
Agenda Item 11, Page 21

January 2022

# **Equity Planning Framework - Purpose**

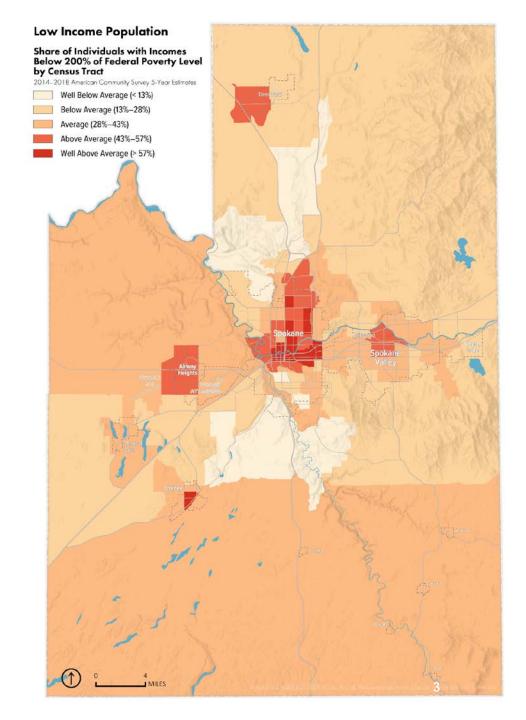

Addressing equity takes regional coordination

- Competition for funding changing situation at state, federal levels
- Community strength Equitable growth as ideal growth

# **Equity Planning Framework - Purpose**

Spokane region home to many potentially disadvantaged residents

 Many reasons why this work is important to SRTC – Poll question to come...

# **Equity Planning Framework**

- SRTC to develop equity planning framework in 2022
- Framework to include recommendations related to policy, project evaluation, data needs, and outreach
- Recruit work group of TTC, TAC members to help formulate recommendations
- Work group will also hear from guest speakers, including members of the community
- Will be returning to the TTC, TAC, and Board with this work this summer to summarize progress and garner additional feedback

# Goals (Draft)

- 1. Educate around equity in transportation internally, committees/Board
- 2. Identify a range of potential tools and strategies to incorporate equity into SRTC policy, planning, and project prioritization processes
- 3. Develop a set of specific recommendations and next steps to identify community needs and operationalize equity in transportation planning, SRTC policy, and project evaluation.
- 4. Improve regional competitiveness for funding by equipping regional transportation planners with tools and strategies to more robustly evaluate project equity impacts.

# Steps

- 1. Mission Statement, Charter
- 2. Identify range of potential tools and strategies to incorporate equity into SRTC policy, project evaluation, data needs, and outreach
- 3. From tools and strategies, develop and prioritize a set of specific recommendations and next steps

# **Draft Timeline**

## Ranked Choice Poll

PollEv.com/srtcs511

If you have another comment, please email me! (mredlinger@srtc.org)

# SRTC should pursue an equity planning framework in order to:

Maximize regional competitiveness for funding

Fulfill our moral imperative (it's the right thing to do)

Help provide leadership in inclusive participation

Improve access to opportunity and services

Prioritize investments that target health and safety benefits

Fulfill regulatory requirements

To make Spokane a stronger, better community

# **Equity Planning Work Group**

- Seeking TTC and TAC members (3-5 participants from each)
- Role:
  - Help formulate recommendations for the Board and SRTC staff
  - Inform the TTC and TAC on the development of the framework

 To meet roughly 8 times (up to an hour each) between March and November
