2 Approval of August 2022 TTC Meeting Minutes

Mr. Clark made a motion to approve the minutes. Mr. Otterstrom seconded. Motion passed unanimously.

3 Public Comments

There were no public comments.

4 Technical Member Comments

Members shared information about current projects or programs in their jurisdiction/agency.

5 Chair Report on SRTC Board of Directors Meeting

There were no questions or discussion.

ACTION ITEMS

6 2023-2026 Transportation Improvement Program (TIP)

Ms. Jones defined the TIP and summarized the process by which projects are incorporated into the plan. There are 87 projects in this TIP totaling approximately \$1B. She presented a breakdown of the projects by type, described the development timeline, and spoke about the public meeting held last week to share information and seek public input.

Mr. Jackson made a motion to recommend Board approval of Resolution 22-16 to approve the 2023-2026 Transportation Improvement Program. Mr. Otterstrom seconded. Motion passed unanimously.

7 Unified List of Regional Transportation Priorities: Process & Screening Criteria

Ms. McMenemy recapped the Unified List of Regional Transportation Priorities (UL) process which was initiated by the Board in 2021. This list is for use by member agencies and other regional partners to promote projects and seek funding; the Board will be asked to approve the list on 12/8.

She described the three-step development process and reviewed the scoring criteria. She reviewed details of what had changed since the discussion of the criteria at last month's meeting. Project applications must be received by 10/5 in order to develop the draft project list for TTC and TAC consideration at their 10/26 meetings. Ms. McMenemy reported that the Board expressed support for Equity as a focus area and she explained how the project applications are self-scoring.

Mr. Jackson made a motion to recommend Board approval of the Unified List Process and Screening Criteria as presented. Mr. Quinn-Hurst seconded.

The group discussed challenges with the timing of the project submittals for the upcoming UL; some jurisdictions are developing their 2023 legislative agendas over the next few months. It was suggested that the Board may want to consider evaluating the timing of this process. Ms. Bollenback shared that SRTC has been encouraged to complete the UL even earlier than November because of the importance of speaking with legislators before the session starts.

The vote was taken on the motion. Motion passed unanimously.

INFORMATION & DISCUSSION ITEMS

8 Equity Planning Framework

Mr. Redlinger reviewed the ongoing development of an equity planning framework and efforts of the Equity Planning Framework Working Group. He spoke about the purpose of the project and the main themes which have emerged from the Working Group. The draft framework will be brought to the TTC next month for review and discussion with a goal of presenting to the Board for approval in December. There were no questions or discussion.

9 Coordinated Public Transit – Human Services Transportation Plan (CPT-HSTP)

Mr. Lien provided a background of the CPT-HSTP, which is designed to review available transportation services, assess needs/gaps, and identify strategies to improve transportation for populations with special transportation needs (seniors, people with disabilities, people with lower incomes). The plan is updated every

four years and is a requirement for the WSDOT Consolidated Grant Program and the Federal Transit Administration Section 5310 grant. He spoke about the community outreach completed over the last few months and said the draft CPT-HSTP plan was released for review on 9/1. He outlined next steps, which includes a public review period for the Draft Plan until 10/14 and culminates in a request for Board approval in November. Next month Mr. Lien will seek assistance from TTC and TAC members to rank projects submitted through the WSDOT Consolidated Grant Program. There were no questions or discussion.

10 CY 2023 Transportation Improvement Program (TIP) Guidebook

Ms. Jones reviewed the purpose of the Guidebook, which is updated annually. Updates to the CY 2023 guidebook include the addition of the toll credits policy, which was approved by the Board in May, minor updates to Policy 3.2, minor language revisions, and the regular update to the amendment and administrative modification calendars.

The most substantial change is the following addition to Policy 4.4 “... *with a written request from the project sponsor by 01/17/2023. The SRTC Board will be given an information presentation of the projects requesting an extension at their February Board meeting*”.

There was considerable discussion regarding the proposed change to Policy 4.4. Comments included:

- The TIP Working Group discussed this previously; the January date was a compromise from SRTC’s initial suggestion of a November notification date.
- Concern about January being so early in the construction year; it may be too early to know if a delay will occur.
- As awards to agencies are getting larger, it becomes more challenging for SRTC to fill the programming gap in case of a project delay.
- Concern that every agency will automatically request an extension just to be on the safe side.
- This policy revision is being proposed to solve a problem because not meeting the federal obligation target puts funding in jeopardy. Extensions were more manageable when awards were smaller.
- Requesting an extension is not just a delay, but technically a swap of project allocation fund, because other project must be found to use the funding to keep on the federal obligation target.
- Suggestion for SRTC go review prior requests to see if there is a pattern; SRTC may want to consider each agency’s delivery practice/timing.
- Would like to see actual project examples in order to make this policy more tangible and grasp what the impacts could be.
- The introduction of a deadline is what is the most concerning.
- SRTC staff would be responsible for presenting the request for an extension to the Board.
- Suggestion to soften the language of policy 4.4.
- Need for clarification about when the 30-day period begins for the submittal of a revised project delivery schedule. It doesn’t seem doable with the 1/17/23 notification date; for example, what if the project sponsor learns of project delay in early February?

There was consensus that this topic requires further discussion.

11 SFY 2022-2023 Unified Planning Work Program Update (UPWP)

Mr. Stewart explained that the UPWP outlines SRTC’s core functions, planning activities, anticipated revenues/expenditures and other work done by the agency. It also contains similar for Spokane Transit Authority and WSDOT-Eastern Region. Lists of completed work and tasks that are still in progress were

included in the packet. When development of the 2024-2025 UPWP begins, the TTC will be asked for input on what tasks and activities SRTC should undertake. There were no questions or discussion.

14 Agency Update and Future Information Items

Mr. Stewart reminded the group about SRTC's October 13 Electric Transportation Grant Commencement Community Celebration being held at The Hive.

15 Adjournment

There being no further business, the meeting adjourned at 2:32 pm.

TOPIC: CY 2023 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) GUIDEBOOK

Requested Action:

Recommend Board approval of the 2023 TIP Guidebook

Key Points:

- The SRTC TIP Guidebook establishes goals and objectives for the TIP, outlines specific programming policies, and provides critical TIP timelines and information for various processes.
- The TIP Guidebook is a programming resource for SRTC member agencies, the Board of Directors, and advisory committee members.
- The first TIP Guidebook was developed in 2013 and is updated yearly to incorporate new schedules, procedures, and programming policies.
- Changes to the 2023 Guidebook include:
 - Addition of a Toll Credits Policy, which was approved by the SRTC Board of Directors on 05/12/22.
 - Modification to Policy 3.2 and Policy 4.4
 - Update to the cyclical dates and removal of the 2022 Call for Projects schedule
 - Update the term “Regional Project Priority List” to “Contingency List” throughout the guidebook
 - Includes a 2023 Call for Preservation Projects schedule
- A copy of the draft Guidebook can be found [HERE](#)

Board/Committee Discussions:

At their meetings on 09/28/22 the Transportation Technical Committee and Transportation Advisory Committee received the draft Guidebook in September and provided input. The Board will be asked to approve the document in November 2022.

Public Involvement:

All meetings at which the 2023 TIP Guidebook will be discussed are open to the public.

Supporting Information

TOPIC: 2023 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) GUIDEBOOK

1. Substantive changes to Policies 3.2 and 4.4.

Current Policy 3.2:

SRTC is responsible for determining whether a project change is an amendment or administrative modification.

Proposed Policy 3.2:

SRTC is responsible for determining whether a project change is an amendment or administrative modification. **SRTC reserves the right to process amendments as often as necessary.**

Current Policy 4.4:

If a project phase does not meet its targeted obligation date; SRTC may administratively grant the project sponsor a one-time extension of up to two (2) years. The project sponsor has 30 calendar days from the date it was notified of the administrative extension to submit a revised project delivery schedule for the project to SRTC. If a revised schedule has not been received within that time period, the project will be presented to the SRTC Policy Board for direction and possible removal from the TIP.

Proposed Policy 4.4:

If a project phase **will** not meet its targeted obligation date; the project sponsor **must submit a written request to SRTC for a** one-time extension of up to two (2) years. **The request must include an explanation for the request and identify proposed impacts, such as schedule or budget. Project extension requests will be shared with SRTC Policy Board by SRTC staff. Project extension will be reflected through an approved amendment of the TIP.**

TOPIC: COORDINATED PUBLIC TRANSIT – HUMAN SERVICES TRANSPORTATION PLAN UPDATE

Requested Action:

Recommend approval of the 2022 CPT-HSTP update.

Key Points:

- The planning process to update the Coordinated Public Transit-Human Services Transportation Plan (CPT-HSTP) began in early 2022. SRTC is leading the process, in partnership with STA. Since February, all interested parties and target groups were encouraged to provide input through a survey. With the survey closing in August, staff incorporated this feedback and completed the Draft 2022 CPT-HSTP.
- The Draft CPT-HSTP was published on 9/1/22 and went through a public review period that concluded on 10/14/22. Staff has made small changes to the Draft Plan and posted the final update on the [SRTC site](#).
- The CPT-HSTP addresses human services transportation within the planning area of Spokane County, with emphasis on projects and programs that serve persons with disabilities, older adults, and individuals with lower incomes.
- The CPT-HSTP is the guiding document for human services transportation project programming. Organizations applying to WSDOT's Consolidated Grant Program must cite the need they are addressing as identified in local CPT-HSTPs. Human services transportation planning is also a required component of FTA's Section 5310 grant program – Enhanced Mobility for Seniors and Individuals with Disabilities.

Board/Committee Discussions:

The Board was updated at their October 2022 meeting. Committees were last briefed in September 2022. Staff will seek a recommendation from the TTC and TAC this month, with final approval of the CPT-HSTP update on the Board's November meeting agenda.

Public Involvement:

The planning process included extensive public involvement. The [Project Page](#) is the public facing site for information. Comments may be submitted to staff contact Jason Lien.

TOPIC: EQUITY PLANNING FRAMEWORK

Requested Action:

None. For Information.

Key Points:

- SRTC's State Fiscal Years 2022-2023 Unified Planning Work Program (UPWP) defines SRTC's work task to create an equity planning framework in 2022.
- SRTC is working on an developing an equity planning framework to maximize regional competitiveness for funding opportunities, meet state and federal requirements, improve existing equity planning methodologies, and positively impact our community.
- Earlier this year, SRTC assembled a working group comprised of TAC and TTC members as well as one Board member. The working group met eight times – once each month in March through October.
- In August, the working group began prioritizing recommendations from potential tools and strategies that were discussed throughout the year.
- Please review the Draft Equity Planning Framework document, see **Attachment**.
- The draft document includes an introduction and equity statement, recommendations, as well as a short section documenting the equity planning work group process.
- If you have feedback, questions, concerns, or if you would like additional information, please reach out to the SRTC staff contact.
- At their November meeting, SRTC will be asking the TTC to recommend approval of the Equity Planning Framework to the SRTC Board.

Board/Committee Discussions:

This item was first presented to the TTC in January. The Transportation Technical Committee was most recently presented an update on this item during their September meeting.

Public Involvement:

All Board and committee meetings are open to the public.

Equity Statement

The Spokane Regional Transportation Council's (SRTC's) mission is to ensure that all Spokane County residents have access to safe and reliable transportation options that support economic opportunity and quality of life regardless of a person's economic, social, ethnic, race, age, sexual orientation, physical, mental, or geographic circumstances. SRTC is committed to equitable delivery of its programs and services – and to pursuing equitable outcomes in the Greater Spokane community.

Equity is defined as action to promote fairness of opportunity for all people. This means removing barriers in day-to-day decisions, existing practices, and laws that deny everyone from fully participating in society.¹ The full Washington State definition of equity can be found within the State Office of Financial Management's Diversity, Equity, and Inclusion Glossary.²

Equity in transportation seeks fairness in mobility and accessibility to meet the needs of all community members. A central goal of transportation is to facilitate social and economic opportunities by providing equitable levels of access to affordable and reliable transportation options based on the needs of the populations being served, particularly populations that are traditionally underserved.³

Equity gives all people a fair and just shot in life despite historic patterns of racial and economic exclusion. The ideal outcome of this work would be that transportation system burdens and benefits, as well as opportunities for all people, are no longer predictable by race or other identifiers.

What is the Equity Planning Framework?

The proposed equity planning framework includes the primary themes and recommendations which emerged from the 2022 equity planning work group and framework development process. The document has also incorporated additional feedback from SRTC's Transportation Technical Committee (TTC), Transportation Advisory Committee (TAC), and Board of Directors.

We can only maximize our success as a region when we fully address existing inequities and fully demonstrate positive outcomes. In order to drive positive transformative actions in our community as they relate to transportation, the equity planning work group proposed SRTC

commitment to pursuing the recommendations listed in this document. Through this effort, SRTC will advance our core values - Regional Leadership, Collaboration, Accountability, Innovation, Transparency, Inclusiveness, and Integrity.

All items are recommendations, for which a secondary implementation process may be required.

Development

The equity planning work group was assembled from members of SRTC's Transportation Technical Committee, Transportation Advisory Committee, and Board of Directors between January and February 2022. Additional participants from SRTC's member jurisdictions were also welcomed on a voluntary basis. Not all work group members were present for every meeting, but a detailed overview and recording of each meeting was provided to those who were unable to attend.

The work group met eight times – monthly between March and October – to discuss equitable transportation planning in Spokane County, propose potential tools and strategies, and prioritize top recommendations. The work group also reviewed materials from other agencies, heard from guest speakers from other Metropolitan Planning Organizations (MPOs), and heard guest speakers from two of Spokane's historically overburdened neighborhoods. Each meeting was at least an hour in duration.

Board and Committee members on the equity planning work group:

Colin Quin-Hurst, City of Spokane, TTC

Cindy Green, Spokane Regional health District, TTC

Mike Tressider, Spokane Transit Authority, TTC

Kelly Fukai, Washington State Transportation Commission, SRTC Board of Directors

Kim Zentz, Urbanova, TAC

Raychel Callary, Lilac Services for the Blind, TAC

Bill White, T-O Engineers, TAC

Rhonda Young, Gonzaga University, TAC

Char Kay, Washington State Department of Transportation, TTC

Other equity planning work group members:

Paul Kropp, Spokane Plan Commission Transportation Subcommittee

Alex Gibilisco, Manager of Equity and Inclusion Initiatives - Spokane City Council

SRTC Staff Participants:

Michael Redlinger, Associate Transportation Planner II

Kylee Jones, Associate Transportation Planner III

Eve McMenemy, Deputy Executive Director

Equity Planning Themes

Through this work, five important themes emerged which we utilized to help organize our recommendations. The five themes are:

Engagement Processes

Increasing Access to Opportunities

Sustainability, Health, and Safety

Equity Spending and Project Prioritization

Performance Evaluation Metrics

Recommendations

The following list includes the top recommendations by theme. Items are not in any particular order, and some items may appear under more than one theme. Symbols as illustrated below indicate the estimated staff requirements, costs, timeframe, and requirements for member agencies.

Staff Resources and Costs:

\$ - \$ \$ \$ \$

In terms of staff personnel and time as well as additional cost to the agency.

Member Agency Activities:

Will action be required of member agencies or committee members?

Estimated Timeframe:

Short (2023-2024)

Mid (-2025)

Long (-2026 or beyond)

Engagement Processes

- **Recommendation:** Establish an equity work group or advisory group as a continuing activity. This would require Board action to establish the work group, including its composition and responsibilities. The group could include members of the TAC and/or TTC, Board, and community representatives. The group could complement and support external SRTC outreach to EJ communities/service providers.

\$ \$ \$ ✓ Short

- **Purpose and benefit:** If established, an equity advisory group could help SRTC by serving two (or three) key functions.
 - Advise the agency on criteria and targets for project-level assessment.
 - Review projects and programs to determine which projects have been effective in their stated goals vs. those that have been less impactful.
 - Ensure equity remains a living, evolving topic in SRTC's planning process.

- **Recommendation:** Ask sponsors to report the level of engagement during project planning and outreach. Support projects with greater community support. Define what qualifies as meaningful engagement.

\$ \$ ✓ Short

- **Purpose and benefit:** Ensure that all communities' voices are heard and that projects that truly benefit local communities rise to the top when it comes to equity. Improve SRTC's understanding of who we (and our members) are reaching and who we are not so that we can prioritize projects that benefit our most impacted communities.

- **Recommendation:** Add an equity statement into SRTC's Public Participation Plan as an update.

\$ Short

- **Purpose and benefit:** An equity statement included in our Public Participation Plan would make SRTC's emphasis clear to both the public and our stakeholders. It would build on work done during the last PPP update and indicate the important place of equity within our public engagement protocols.

- **Recommendation:** Regular staff-level training for SRTC staff and SRTC members. This could be coordinated by SRTC staff, or through a common third-party resource (such as WSDOT). Important topics include: What does meaningful engagement look like? What does SRTC mean by equity? Though this would include equitable engagement, training and education should also go beyond engagement and include how SRTC functions as an equitable organization.

\$ \$ \$ ✓ Short

- **Purpose and benefit:** SRTC staff and member agencies should understand how we define and analyze equity to maximize meaningful participation in agency activities. Member agencies should have a common understanding of what meaningful engagement means to the agency and what that practically looks like within the transportation planning process.

- **Recommendation:** Consider an SRTC policy (or Public Participation Plan update) to standardize compensation and incentives for public input in targeted outreach situations. This would include research on the most effective way(s) to utilize incentives as well as policy compliance with the federal and state government.

\$ \$ \$ Mid

- **Purpose and benefit:** A single policy would help organize our protocols for incentives, organizing, and hiring consultants - as well as provide guidance for when incentives may bolster the effectiveness of targeted outreach efforts.

Increasing Access to Opportunities

- **Recommendation:** An equity planning assessment for projects (such as WSDOT's forthcoming environmental justice assessment tool or the University of South Florida's Center for Urban Transportation Research's Transportation Equity Toolkit). Once equity is included among SRTC's guiding principles, criteria and targets could be set by the SRTC Board with the input of SRTC's committees and staff.

\$ \$ \$ \$ ✓ Short

- **Purpose and benefit:** An equity assessment for projects would:
 - Help provide a backbone for equity project scoring for multiple planning efforts.
 - Position SRTC to review and potentially adopt the environmental justice assessment set by the state of Washington as part of the HEAL Act implementation process. That assessment tool, once completed (no later than 7/1/23), will be applied at the state level to all projects and programs (≥ \$15 million) receiving state dollars.
- **Recommendation:** Make use of origin/destination data – such as connectivity and access between EJ area origins and key destinations. This process could be utilized to help identify areas where projects may be impactful, as well as to help review project impact. As an initial step, SRTC would need to identify an effective origin/destination data source, acquire data, and establish a methodology for analysis. The data would be kept up to date through regular updates or acquisitions of new data.

\$ \$ \$ \$ Mid

- **Purpose and benefit:** Help identify barriers to access as well as potential projects that are likely to improve connectivity. Provide SRTC additional tools to look at built projects and their impact on the flow of people.

Sustainability, Health, and Safety

- **Recommendation:** Improve SRTC Safe & Complete Street Policy by identifying potential areas to improve transportation equity.

\$ \$ ✓ Short

- **Purpose and benefit:** Help SRTC improve the overall equity of the region's transportation system by identifying additional areas to improve safe and complete streets and/or additional projects that should be included under the safe & complete streets policy.

- **Recommendation:** Work on ensuring that design elements are implemented and built. The equity work group heard from neighborhood councils that there is sometimes a gap between the final design of projects and the expected design elements the community recommended. Work with jurisdictions to ensure communication with the community and that project designs meet community needs.

\$ \$ \$ ✓ Long

- **Purpose and benefit:** Improve communication so that the community is involved and fully informed when expectations evolve throughout stages of project development. At the MPO level, this may include additional emphasis on regular and meaningful engagement by project sponsors with community members.

Equity Spending and Project Prioritization

- **Recommendation:** Equity should be included in the guiding principles. This would ensure equity is used as performance measure for major projects (such as the MTP, TIP, and Unified List) and allow the Board to set targets. The SRTC Board and staff will work with local agencies on the setting of targets. It is the working group's recommendation that equity be considered an agency value throughout programs and activities.

\$ \$ ✓ Short

- **Purpose and benefit:** Equity as a guiding principle would help frame future activities and standardize transportation equity assessment among project evaluation criteria for the agency's major planning and project prioritization efforts. This would ensure that equity remains important to how we function at all levels as an organization.

- **Recommendation:** An equity planning assessment for projects (such as WSDOT’s forthcoming environmental justice assessment tool or the University of South Florida’s Center for Urban Transportation Research’s Transportation Equity Toolkit). Once equity is included among SRTC’s guiding principles, criteria and targets could be set by the SRTC Board with the input of SRTC’s committees and staff.

\$ \$ \$ \$ ✓ **Short**

- **Purpose and benefit:** An equity assessment for projects would:
 - Help provide a backbone for equity project scoring for multiple planning efforts.
 - Position SRTC to review and potentially adopt the environmental justice assessment set by the state of Washington as part of the HEAL Act implementation process. That assessment tool, once completed (no later than 7/1/23), will be applied at the state level to all projects and programs (≥ \$15 million) receiving state dollars.
- **Recommendation:** Track (year over year) investment levels likely to be used by / targeted towards EJ communities. It is important that SRTC begins to track its investments in transportation equity. SRTC is obligated to ensure that the benefits of the transportation system are distributed fairly with regard to historically excluded and disadvantaged communities. Data would be maintained regularly to ensure accuracy and efficacy.

\$ \$ **Mid**

- **Purpose and benefit:** This would grant the agency increased awareness of potential needs as well as investment gaps and inequities. A better understanding of where SRTC dollars go (and where dollars have gone) would improve performance management and better position the agency to get ahead of discussions at the state (and federal) level.

Performance Evaluation Metrics

- **Recommendation:** Establish an equity work group or advisory group as a continuing activity. This would require Board action to establish the work group, including its composition and responsibilities. The group could include members of the TAC and/or

TTC, Board, and community representatives. The group could complement and support external SRTC outreach to EJ communities/service providers.

\$ \$ \$ ✓ Short

- **Purpose and benefit:** If established, an equity advisory group could help SRTC by serving two (or three) key functions.
 - Advise the agency on criteria and targets for project-level assessment.
 - Review projects and programs to determine which projects have been effective in their stated goals vs. those that have been less impactful.
 - Ensure equity remains a living, evolving topic in SRTC's planning process.
- **Recommendation:** Consider including equity in our annual Performance Management Framework (federally mandated measures). The tracking of investments over time and the forementioned equity work group or advisory group could play a role in pursuing this recommendation.
- **\$ \$ Mid**
 - **Purpose and benefit:** Ensure that we're setting effective goals, that we're successful on the goals we set forth, and that we continue making progress towards equitable transportation outcomes.
- **Recommendation:** Make use of origin/destination data – such as connectivity and access between EJ area origins and key destinations. This process could be utilized to help identify areas where projects may be impactful, as well as to help review project impact. As an initial step, SRTC would need to identify an effective origin/destination data source, acquire data, and establish a methodology for analysis. The data would be kept up to date through regular updates or acquisitions of new data.

\$ \$ \$ \$ Mid

- **Purpose and benefit:** Help identify barriers to access as well as potential projects that are likely to improve connectivity. Provide SRTC additional tools to look at built projects and their impact on the flow of people.

Additional Tools and Strategies

In addition to the top recommendations, many tools and strategies were discussed by the working group. Many of these items may be addressed within the top recommendations but appear here in a slightly different form. These items were:

Incorporate equity into SRTC mission, vision, and values.

Measure closure of observed gaps (access and demographic data). Identify gaps, measure whether gap is addressed and how well.

Create or adopt a scorecard to track the performance of the entire transportation system. (To evaluate comparative performance of transp. system in EJ areas)

Create (and leverage existing) survey data with location. (Board can make targets)

Ensure projects have received local community support. (Must be demonstrated)

Add an equity statement to the 'About SRTC' web page.

Draft internal policy on utilization of engagement strategy template tool.

Draft high-level strategic goal to increase access to opportunity for disadvantaged communities.

Track percent of investments going to active transportation - use EJ community data

Place additional focus on identifying existing gaps.

Draft additional questions or review process for projects that may impact areas of potential disadvantage.

Differentiate equity performance measures by project type.

Create more opportunities for targeted public involvement/public feedback data.

Look at changes in adjacent property value when evaluating projects and project areas.

Formalize translation policy and apply to major planning/mapping products.

Expand availability of non-English translations of important SRTC documents (and/or maps)

Integrate equity into administrative processes/internal operations (hiring, training, management)

Host regular public workshops or meetings about equity with EJ group representative groups and service providers.

Generate public-facing videos or education series.

Create/ maintain interactive public comment map (or other interactive web tools).

Create system to share feedback from outreach efforts between agency partners/committees. (and vice versa)

Leverage available bike/ped counter data in reviewing projects

Look for opportunities to install additional bike/ped counters for data collection

Place additional priority on projects where the features of project are in compliance with safe & complete streets process

Look to additional scenario modeling for reviewing specific groups of projects.

Incorporate additional GIS-based analysis.

Invest in access to Urban Footprint or similar service. Start by identifying communities vulnerable to different scenarios.

Study or needs analysis to help Identify benefits and negative impacts.

Define EJ economic justice areas

Include access to transit in EJ areas to project scoring

TOPIC: UNIFIED LIST OF REGIONAL TRANSPORTATION PRIORITIES

Requested Action:

None. For information and discussion.

Key Points:

- The Unified List of Regional Transportation Priorities is a strategic tool used to communicate the agency's current regional transportation priorities to state legislators and members of Congress for potential funding opportunities. SRTC is committed to annually updating the Unified List.
- The SRTC Board approved the Unified List Process and Criteria at their 10/13/22 meeting.
- Seven agencies sent 29 project submittals to the Unified List process, see **Attachment**.
- In addition to the Unified List of priority projects, the SRTC Board also develops legislative priority statements to share with the Washington State Legislators. The following topics of interests were discussed by the Board for potential 2023 Legislative Priority Statements.
 - Provide additional transportation safety funding to support Target Zero
 - Pursue funding strategies to replace the expected decline in gas tax revenue and advance the transportation system to a state of good repair
 - Address affordable housing and access to transportation
 - Support additional funding for Regional Transportation Planning Organizations (RTPOs) expanded responsibilities
 - Pursue a diversified approach to the development of clean fuel strategies
 - Fund regionally critical projects on the Unified List of Regional Transportation Priorities

Board/Committee Discussions:

The Board, TTC, and TAC provided criteria suggestions- *Transportation Discussion Series 1/13/2022-9/28/22*
TTC & TAC provided input Draft Unified List criteria on 08/24/22 and recommended approval on 9/28/22
The Board provided input Draft Unified List criteria on 09/08/22 and recommended approval on 10/13/22
The Board discussed legislative priority statements at their meeting on 10/13/22.

Public Involvement:

All meetings at which the Unified List will be presented to the Board and committees are open to the public.

10/19/2022

From: Mike Ulrich, Principal Transportation Planner

TOPIC: TRANSPORTATION PERFORMANCE MANAGEMENT: INTRODUCTION

Requested Action:

None. For information and discussion.

Key Points:

- Transportation Performance Management (TPM) is a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
- The national performance goals were established by Congress as a part of the Moving Ahead for Progress in the 21st Century Act (MAP-21).
- The legislation requires SRTC to set targets related to performance in three categories: Safety, Infrastructure, and System Performance.
- The deadline to set targets is March of 2023.
- SRTC staff will present background information, historical data, and target setting options for each performance category over the course of the next few months.
- The first meeting will be an introduction to TPM and provide an opportunity for the TTC to learn more about the program, its requirements, and how the concepts are integrated into the regional planning process.
- The TTC will make a recommendation to the SRTC Board regarding targets for each of the three performance categories.

Board/Committee Discussions:

SRTC is required to set safety targets annually. The TTC made a recommendation to the SRTC Board regarding safety targets this past February. Targets in the other two performance categories are set on four-year cycles. The TTC last discussed those targets in the Summer of 2018.

Public Involvement:

All SRTC Board and committee meetings are open to the public.

From: Ryan Stewart, Principal Transportation Planner

TOPIC: 2023 TRANSPORTATION TECHNICAL COMMITTEE OFFICERS

Requested Action:

None. For information and discussion.

Key Points:

- The Transportation Technical Committee (TTC) Bylaws state that the TTC shall annually select and recommend to the Board of Directors a member to act as TTC Chair and a member to act as TTC Vice-chair for a one-year term; the Chair and Vice-Chair cannot be from the same agency.
- A history of past year's Chair and Vice-Chair appointments going back to 2013 can be found in the **Attachment**.
- Duties for the Chair and Vice chair are outlined in the [SRTC Transportation Technical Committee Bylaws](#), adopted by the SRTC Board on 06/09/22.

Board/Committee Discussions:

This is the first discussion of the 2023 TTC officers.

Public Involvement:

All meetings at which this topic will be discussed are open to the public.

Staff Contact: Ryan Stewart, SRTC | rstewart@srtc.org |

Supporting Information

TOPIC: 2023 TTC OFFICER ELECTIONS

- The TTC Chair will preside over TTC meetings and be responsible for communicating to the Board of Directors and SRTC staff on matters directed by Board of Directors or TTC. The TTC Vice-Chair will perform all duties of the Chair during his or her absence.
- If the Chair vacates his/her position, the Vice-Chair fulfills the Chair's duties. As an ex-officio member of the Board of Directors, the TTC Chair or Vice-Chair shall make every attempt to attend of SRTC Board meetings.
- When serving at the SRTC Board of Directors meeting, the TTC Chair is representing the TTC, not the agency of which they are employed.
- To align with the new SRTC Board of Directors appointments, once selected, the new officers will be immediately seated at the 12/08/22 TTC meeting so they may represent the committee at the 01/12/23 Board meeting.
- [TTC Bylaws](#), adopted by the SRTC Board in June 2022, state that the officers of Chair and Vice Chair shall rotate on a yearly basis among the following parties:

City of Spokane
WSDOT
Spokane County
Airway Heights, Cheney, Liberty Lake, Tribes, SIA, or Small Towns Representative
Spokane Transit Authority
City of Spokane Valley

- The Chair and Vice Chair rotation for the past 10 years has been as follows:

Year	Chair	Agency	Vice Chair	Agency
2022	Inga Note	City of Spokane	Char Kay	WSDOT
2021	Adam Jackson	City of Spokane Valley	Inga Note	City of Spokane
2020	Karl Otterstrom	Spokane Transit Authority	Adam Jackson	City of Spokane Valley
2019*	Karl Otterstrom	Spokane Transit Authority	Adam Jackson	City of Spokane Valley
2019**	Sean Messner	Spokane County	Karl Otterstrom	Spokane Transit Authority
2018	Mike Tedesco	Spokane Tribe of Indians	Sean Messner	Spokane County
