

TRANSPORTATION IMPROVEMENT PROGRAM

Calendar Year 2024 Project Obligation Report

Spokane Regional
Transportation Council

INTRODUCTION

The 2024 Project Obligation Report for the Spokane Regional Transportation Council (SRTC) Transportation Improvement Program (TIP) details the projects that obligated federal transportation funds in the Spokane region in calendar year 2024.

Horizon 2045 –Metropolitan Transportation Plan

For more information about Horizon 2045, the Spokane region’s long-range metropolitan transportation plan, please go to www.srtc.org/horizon-2045/

What is meant by the term “Obligation”?

When a project phase is said to have “obligated”, it means the Federal Government has authorized the project sponsor to start work on that project or project phase. Any local funds spent on a project prior to obligation are not eligible to be reimbursed by the Federal Government.

The purpose of this report is to demonstrate continued coordination between the agencies responsible for cooperatively developing a listing of projects for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year; those agencies being SRTC, the Washington State Department of Transportation (WSDOT) and Spokane Transit Authority (STA).

Requirements

Federal regulations require Metropolitan Planning Organizations (MPOs), such as SRTC, to publish a list of all obligations of federal funds that occurred in the preceding program year (23 CFR § 450.334). For each project, the list must include the amount of federal funds that were programmed in the TIP, the amount that obligated in the preceding year and any amount remaining to obligate in future years. The list is prepared by SRTC in cooperation with WSDOT and STA.

The list of federal obligations must be published no later than 90 calendar days after the end of the preceding program year. In Washington State, the program year generally follows the calendar year, which means the annual listing is published before the end of March.

Regional Transportation Programming

At least once every four years, SRTC develops a Metropolitan Transportation Plan (MTP) which establishes long-range goals for the region and identifies the projects and strategies necessary to implement them. The current MTP, titled Horizon 2045, was approved by the SRTC Board of Directors in December 2021.

With the long-range plan in place, the Transportation Improvement Program (TIP) serves as a short-range programming document for projects that are planned for implementation in the next four years. The purpose of the TIP is to ensure those projects planned for implementation in the upcoming four years are consistent with the projects and strategies identified in the MTP. The 2025-2028 TIP was approved by the Board of Directors in October 2024 and went into effect in January 2025. The 4-year TIP Program document is available on the SRTC website: <https://www.srtc.org/tip/>

Once a project has been programmed into an approved TIP, the project’s sponsor(s) can begin work on the project. This process, called “obligation”, occurs when the federal government authorizes the start of the preliminary engineering, right-of-way acquisition, or construction phases.

The final step in the programming process is project delivery, which occurs when the project is completed, either through construction of a transportation facility, procurement of vehicles or equipment, or the implementation of a program.

ANNUAL LISTING OF FEDERAL OBLIGATIONS

In 2024 more than \$51 million in federal funds were obligated for projects throughout Spokane County. For comparison, a list of previous years' obligations is below in **TABLE 1**. Federal funding obligation in 2020 was higher than usual due to a large federal grant for high performance transit. Funding obligation was also higher in 2023 due to an increase in Bridge, Congressional Direct, Discretionary, NHFP, and NHS Asset Management funding. Acronyms for the funding programs are defined on the last page of this report.

TABLE 1 Program Year	Federal Funds Obligated
2024	\$51 million
2023	\$61 million
2022	\$49 million
2021	\$44 million
2020	\$113 million

The Annual Listing of Federal Obligations (see **TABLE 5** starting on page 5) includes all projects that obligated federal funds within Spokane County in the 2024 calendar year.

SRTC's Regionally Managed Funds

SRTC is primarily focused on the performance of regionally managed funds, which include:

- Surface Transportation Block Grant Regional (STBG-R)
- Surface Transportation Block Grant FLEX (STBG-FLEX)
- Congestion Mitigation Air Quality (CMAQ)
- STBG set-aside, formerly Transportation Alternatives Program (TAP)
- Carbon Reduction Program (CRP)
- Highway Infrastructure Program (HIP)

These funds are distributed to projects in the Spokane region by action of the SRTC Board of Directors through a competitive prioritization process; it is SRTC's responsibility for these funds to be obligated on projects in a timely

manner. As shown in **TABLE 2**, SRTC member agencies successfully obligated \$51 million in federal funds in 2024. Of the \$51 million total obligations, \$25 million were SRTC regionally managed funds.

Obligation by Fund Source

TABLE 2 lists the 2024 federal fund obligations by source and demonstrates the success of each funding program obligating the total amount programmed for 2024. The information shown is the amount and the percentage of total programmed funds that were obligated. Definitions of the acronyms used in this table are on the last page of this report.

TABLE 2 Fund Source	Federal Funds Obligated	% of Programmed Funds
Bridge	\$3,215,420	6%
CMAQ	\$6,420,285	13%
Congressional Direct	\$6,483,475	13%
CRRSAA	\$1,083,000	2%
Emergency Relief	\$66,456	0%
HSIP	\$854,750	2%
IM	-\$15,059	0%
LP Federal - Additional OA	-\$143,449	0%
NHFP	\$1,367,000	3%
NHPP	\$247,319	0%
NHS Asset Management	\$10,959,235	21%
SRTS	\$1,490,602	3%
STBG - FLEX	\$14,647,712	29%
STBG Regional	\$3,886,961	8%
STBG set-aside (TAP)	\$493,000	1%
TOTAL	\$51,056,707	100%

De-Obligations of Federal Funds

Depending on the source of funding, de-obligated funds are returned to the Federal Transit Administration (FTA), Federal Highway Administration (FHWA), WSDOT, or SRTC. Funds returned to FTA, FHWA or WSDOT are unlikely to be reprogrammed on other projects within the Spokane region, but de-obligations of regionally managed federal funds are returned to SRTC and consequently

redistributed to other projects within Spokane County. Of the total \$6.4 million de-obligated in 2024, \$3.6 million is SRTC managed funding.

TABLE 3 summarizes the total 2024 de-obligation of federal funds for the region.

TABLE 3 Fund Source	Federal Funds Deobligated
Bridge	-\$1,320,777
CMAQ	-\$326,245
HSIP	-\$135,687
IM	-\$15,059
LP Federal - Additional OA	-\$143,449
NHPP	-\$349,717
NHS Asset Management	-\$896,801
Safe Routes to School	-\$25,200
STBG - FLEX	-\$3,078,182
STBG Regional	-\$67,591
STBG set-aside (TAP)	-\$1,400
TOTAL	-\$6,360,108

Closed Projects

The final stage of project delivery is the project close out process. After a project has been completed, the close out process wraps up any final reimbursements and officially closes the project. For 2024, the projects closed are listed in **TABLE 4**.

ACRONYMS

Federal Fund Types

The acronyms for federal funding programs used in this report are provided below.

5307	FTA Urbanized Area Formula Program
5310	Enhanced Mobility of Seniors & Individuals with Disabilities Program
5339	Bus and Bus Facilities Discretionary Program
5339(c)	Low or No Emission Vehicle Program
Bridge (BR)	Highway Bridge
CMAQ	Congestion Mitigation and Air Quality Improvement Program
Congressional Direct	Congressional Directed Spending
CRP	Carbon Reduction Program
CRRSAA	Coronavirus Response and Relief Supplemental Appropriations Act of 2021
DISC	Discretionary RAISE grant
HSIP	Highway Safety Improvement Program
HIP	Highway Infrastructure Program
IM	Interstate Maintenance
LP Federal Addl. OA	WSDOT Local Programs Additional Obligation Authority
NHFP	National Highway Freight Program
NHPP	National Highway Performance Program
NHS Asset Mgt	National Highway System Asset Management
Railroad	Rail-Highway Crossings (Section 130) Safety Program
SRTS	Safe Routes to School
STBG	Surface Transportation Block Grant
STBG- FLEX	Flexible WSDOT STBG allocations
STBG Regional	Regional allocations of STBG

STBG set-aside (TAP)

Set aside of STBG funds for transportation alternatives, formerly Transportation Alternatives Program (TAP)

Project Phases

Construction projects typically have phases for preliminary engineering/design phase and construction; a phase for right-of-way is needed at times. For non-construction projects, there is typically only one phase listed as either CN (for procurement of equipment or vehicles) or Other (for planning projects or program implementation).

PE	Preliminary engineering and design
RW	Right-of-way acquisition
CN	Construction or procurement
PL	Planning project or other non-construction project

Other Acronyms

FHWA	Federal Highway Administration
FTA	Federal Transit Administration
FFY	Federal Fiscal Year
MPO	Metropolitan Planning Organization
MTP	Metropolitan Transportation Plan
RTPO	Regional Transportation Planning Organization
SRTC	Spokane Regional Transportation Council
STA	Spokane Transit Authority
TIP	Transportation Improvement Program
TDM	Transportation Demand Management
TMA	Transportation Management Area
TSMO	Transportation Systems Management & Operations
WSDOT (ER)	Washington State Department of Transportation- Eastern Region

Spokane Regional
Transportation Council
